

Kitsap Environmental Coalition Presents:

Dark Skies: Why it matters

3 - 5 PM

19
APRIL

**THE VILLAGE
GREEN**

26159 DULAY RD NE
KINGSTON

Join KEC this month as [Dark Sky Advocates](#) explain why dark skies are important to the health of humans, wildlife, and the climate.

A panel of community members will join the Advocates to talk about how you can participate in research to support bird migration and track light pollution.

Families welcome!

Coffee, tea, and kids crafts will be available. Please bring treats to share! Visit the [Kitsap Environmental Coalition site](#) for more details.
