Speakers:

Alex Budd - Pacific Northwest Forest Climate Alliance Organizer, with regional & federal focus

Seth Zuckerman - Co-Author of "*A Forest of Your Own*" The PNW Handbook of Ecological Forestry

Alex Budd will start with **The Changing Landscape of Federal Forest Policy**

An overview of federal forest management and the forest defense movement--from the creation of the National Forest Management Act to the timber wars, the NW Forest Plan, the Salvage Rider--as well as covering many of the current proposed policy changes by the Trump Administration--from the Roadless Rule rescission to the NWFP revision and Trump's timber focused Executive Orders.

Seth Zuckerman will bring us down to earth, literally, as an **ecological forestry practitioner** and writer with a focus on Pacific Northwest forests, including local Kitsap/West Sound context. How to manage trees for sustainable wood harvest as well as recreation, inspiration, and a range of cultural connections.
