ST. BASIL AND ST. AMBROSE ON LENT:

While shocking and intolerable global inequalities between people, classes, rich and poor countries cannot suddenly be set right by the collection of individual alms, Lenten prayer, fasting and charity can help us ask ourselves what part we might be able to play in bringing about more justice by simplifying our lifestyles & increasing our sharing with the poor among us. *"The rich declare themselves the masters of the common goods they usurped because they are the first to claim them. If people kept only what is required for their daily needs, and if the surplus were given to the poor, both riches and poverty would be abolished."* (4th century homily by St. Basil)

"The Lord our God wanted this earth to be the common possession of all human beings and its fruits to be for the use of all, but greed has produced the division of the land. Consequently, if you claim as your own part of what has been given for the use of all humankind, and even of all animals, it is fair for you to distribute at least a part of it to the poor. They have the same rights as you; therefore, do not deny them food." (4th century homily by St. Ambrose)

"The goods entrusted to your stewardship, you have hoarded. The bread you reserve belongs to the hungry. The coat hidden in storage belongs to the naked. The shoes rotting in your house belong to those who walk barefoot. You oppress as many people as you fail to help." (4th century homily by St. Basil)

LENTEN OBSERVANCE:

Catholics who've celebrated their 14th birthday are bound to fast from meat on Ash Wednesday & each Friday of Lent. Catholics who've celebrated their 18th birthday, in addition to abstaining from meat, fast on both Ash Wednesday and Good Friday. Hence, on those days, they may eat only one full meal. Smaller quantities of food may be taken at two other meals, but no food should be consumed at other times during those days: in short, no snacking! The obligation of fasting ceases with the celebration of one's 59th birthday. Please, don't lightly excuse yourself from these prescribed minimal penitential practices. The Sundays of Lent are not considered fast days; Sundays are always a feast day & not penitentially part of Lent's 40 days, so take a little Sabbath rest and enjoy ...
