SPONSORSHIP  
OPPORTUNITIES

The Neurodiversity Croquet Social is an elevated outdoor fundraising experience benefiting the CNDCC Legacy Fund and supporting the continued growth of neurodiversity inclusion, workforce initiatives, community programs, and economic opportunity across Colorado.

Set against the backdrop of the Denver Croquet Club at Washington Park, this vintage-inspired garden social will bring together business leaders, community partners, professionals, and supporters for an afternoon of croquet, curated hospitality experiences, connection, and community.

We invite sponsors to be part of this unique experience through meaningful brand visibility, live event recognition, and community engagement opportunities designed to create authentic connections in a memorable and highly visual setting.

100% of proceeds from this event directly support the CNDCC Legacy Fund and its mission to expand opportunities, resources, and long-term impact for the neurodiversity community across Colorado.
