document for the land. José, Héctor and Mauricio with the land document.

The first step was the purchase of the land in June. After several procedures, we were able to obtain the legal

A group of Sayaten students helped to clean up the land.

Everyone participated.

We are about to

remove some small trees that will be a problem in the future. Other trees will be left to provide shade. We have also obtained broken bricks to possibly be used in construction. We are taking advantage of the opportunities.

We want to tell you that everyone who visits Sayaten is amazed and delighted to see how we have been able to move forward. Year after year the face of the Sayaten center is renewed. All of this is possible thanks to your support. Growth encourages, unites, and strengthens us. We will continue working toward a comprehensive transformation in the name of Jesus.

The construction of the roof took longer than expected. The

person responsible for the work had other commitments, but after a few weeks the work could begin. It is something incredible for

us. We are already planning new activities. The

young people also enjoy being in the courtyard more. Any time is a good time to play now. Volleyball never stops. the place is cooler, we have fewer hours of sunshine on our walls. Everything is a joy. Thank you for everything.

Sonnenberg is also Sayaten. Sayatenberg!

**Love INC of Wayne County** extends hope to the citizens of our community **In the Name of Christ.**

It begins with a call to the Connection Center. Trained volunteers encourage our callers through listening to their story. Information is exchanged and an invitation to prayer is offered. On many occasions, a prayer of hope becomes the foundation for transforming lives, families and communities.

One of our volunteers recently shared how each individual encounter has impacted her life story. She states: "I have been blessed by listening to people about their lives' journeys and being able to pray for their needs. Sometimes God stretches us when we would rather stay in our comfort zone."

**Connecting with hope is the beginning of transformation.** Transformation takes you out of your comfort zone! Love INC of Wayne County is here to walk alongside our neighbors in their individual journey of transformational hope. **We will use your donation to directly impact the lives of our neighbors in Wayne County!**

*This Week in Anabaptist History ...* Formation of the Mosaic Mennonite Conference was approved on November 2, 2018 when the Franconia Mennonite and Eastern District conferences held reconciliation votes during joint assemblies at Souderton Mennonite Church. Eastern District and Franconia reconciled on 1 February 2020 and operated as Eastern District and Franconia Conference until taking the name Mosaic Mennonite Conference on Pentecost 2020 (31 May 2020).

The Eastern District resulted from a division in the Franconia Conference in 1847 and eventually became part of the General Conference Mennonite Church. When the Mennonite Church (MC) to which Franconia Conference belonged merged with the General Conference Mennonite Church to form Mennonite Church USA in 2002, cooperation between the two conferences increased. Joint assemblies were held after 2012, and in 2016 the conferences voted to start a reconciliation process. There was a service of reconciliation at the joint assemblies in 2018.

The Mosaic Mennonite Conference was comprised of 57 congregations and 7,587 members at the time of its formation. One congregation announced its departure; the West Philadelphia Mennonite Fellowship planned to join MC USA's Allegheny Mennonite Conference which had a more flexible polity in accepting performance of same-sex marriages by its pastors. Eight Southeast Mennonite Conference churches joined Mosaic Mennonite Conference on 7 November 2020 in order to stay connected to Mennonite Church USA after their conference voted to leave the denomination.

The Mosaic Mennonite Conference structure at its formation included a 12-member Conference Board, plus the Executive Minister, as well as an Executive Committee that worked on behalf the Board between meetings. Committees represented on the Conference Board included Finance, Ministerial and Intercultural. Steve Kriss served as the first Executive Minister, and Ken Burkholder was the first moderator of the new conference.
