Patient-107 saw Dr. Chinedu Nwasike at Nevada Orthopedic & Spine Center for severe back pain. Dr. Nwasike showed no compassion. Only gave the patient a pill and told him to go home and wait 10 days for the MRI.

Patient-107 saw Dr. Chinedu Nwasike at Nevada Orthopedic & Spine Center.

The patient had very severe back pain (10 out of 10).

We tried to get in touch with Dr. Nwasike, but it was almost impossible.

Be prepared to be on hold a very long time.

They need to either hire more admin staff or at least have the option to get a call back when it's your place in line.

Dr. Chinedu Nwasike is NOT compassionate at all.

Pretty much gave the patient a pill and told him to go home and wait 10 days for the MRI.

UNREAL!!

The patient is 70 years old and is in so much pain, he can't even shower, has lost his appetite and is losing weight.
