Patient-129 was taken by ambulance to Sunrise Hospital.

My mom found my dad laying on the ground outside of Sunrise Hospital -- not able to move after the ambulance dropped him off.

He tried to record what was happening, but Sunrise Hospital security took away his phone and denied having it. I tracked it with a link and called it.

Sunrise Hospital security had my dad's phone, but the video had been deleted!!

Mom took my dad to UMC, and they HELPED IMMEDIATELY!!

They said he had no blood and almost died.

Luckily, the cloud exists (so they videos would be stored in the cloud).

We're coming for you Sunrise. Legally, of course.

STAY AWAY FROM THIS HOSPITAL!!

This is an image of patient laying on the ground outside a Las Vegas hospital. It was included in a [November 22, 2022, news article](#) on News3LV when they investigated the problems of patient dumping in Las Vegas.

The article says **this video validates a long-standing rumor in the community about patient dumping**. That's the practice of hospitals and emergency services inappropriately releasing homeless or indigent patients into the community.

"This is against the law, and the hospitals know it's against the law."
