

Patient-137

Patient-137 went to Sunrise Hospital with a broken hip. He died and left the hospital as ashes in an urn. He was not given the correct amount of anesthesia. His family says Sunrise Hospital killed him due to improper care and pure negligence.

Patient-137 went to Sunrise Hospital with a broken hip and left in an urn. Another patient killed at Sunrise Hospital.

This patient's story is told by his son.

They killed my father 3 years ago from improper care and pure negligence!!!

Make sure they give you the proper amount of anesthesia because apparently they don't know what that entails.

He went in with a broken hip and left in an urn!!

Note to readers: Read the story of [Patient-1](#) who was also harmed by too much anesthesia. She was overdosed on Fentanyl, then given too much Narcan, and she died. They were ready to call Time of Death, but the patient saved herself and came back to life. These details are included in the medical records at Sunrise Hospital. The person who was administering the anesthesia was NOT an anesthesiologist and had no education, training or certification as an anesthesiologist. Beware!!

Patient-137 went to Sunrise Hospital with a broken hip. He died and left the hospital as ashes in an urn. He was not given the correct amount of anesthesia. His family says Sunrise Hospital killed him due to improper care and pure negligence.

This is a stock photo of a patient about to receive anesthesia in the operating room.

Just say NO to Sunrise Hospital
