

Patient-138

Patient-138 went to Dr. Ronald Hillock at Nevada Orthopedic & Spine Center for her hip. Awful experience. He did not listen and did not explain anything. There was no information on the paperwork. Patient says find another doctor.

Patient went to see Dr. Ronald Hillock at [Nevada Orthopedic](#) & Spine Center for her hip.

Here is the patient's story:

Went to see Dr. Ronald Hillock for my hip.

Awful experience!!

Caused much more anxiety than needed for a diagnosis. He does not listen and does not explain.

My impression was that he seemed like I was wasting his time.

He referred me to a spine doctor (even though he diagnosed me with severe osteoarthritis). The spine doctor told me more about my hip than Dr. Hillock and said that my hip is my main issue.

Seemed like Dr. Hillock just wanted to give me an injection or prescribe medication and be done with you.

Speaking of prescribing medication, I did not even know he was prescribing me anything until I got the call from the pharmacy that the prescription was ready.

Speaking of paperwork -- discharge papers were laughable. Nothing on them.

Do yourself a favor and find another doctor.
