Patient-141 is warning people not to go to Sunrise Hospital if you have a heart attack.

Here is the patient's warning:

Pro tip!!!

If you know someone that has a heart attack, you have two good options.

1 -- Choose any Emergency Room except for Sunrise Hospital.

2 -- Just die a quick death.

Sunrise Hospital doesn't have the infrastructure or staff to operate/function well.

You will be stuck in the Emergency Room for 13+ hours before being attended to.

Choose a better hospital!!

REMINDER: You can choose to leave a hospital. Just ask for the AMA form (AMA means "against medical advice") or walk out. Comments posted on review websites have stated that Sunrise Hospital will try to force you to stay using scare tactics such as telling you that insurance won't pay if you leave.

If you are not getting proper medical care or are being harmed or threatened, YOU CAN LEAVE SUNRISE HOSPITAL and go to a better hospital.

Just say NO to Sunrise Hospital
