

Patient-160

Patient-160 was in Sunrise Hospital for a week. Had 3 strokes. Staff was rude and detached. Doctors only came in for 3 seconds, every 2 days. Worst hospital ever. Patient says "GET IT TOGETHER SUNRISE OR CLOSE THE HOSPITAL."

Patient was in Sunrise Hospital for a week and had 3 strokes.

The patient's story is told by her grandson.

From forgetting about my grandma, to the incredibly unavailable, rude and detached staff.

Doctors are there for 3 seconds, every 2 days, not explaining or answering questions.

Making you take pictures of diagnostics and then not even interacting.

It's like everyone had ZERO concern for the REAL PEOPLE who come there for help.

My grandma deserves better. Talk about the worst hospital I have ever been to.

We have been her a week. Waiting to be discharged. She has had 3 strokes, and they "forget about the patient."

This should be unheard of.

I'm sad my grandma might be forced to spend her last days in such a terrible hospital. We can't even spend the night with her.

I would NEVER recommend this place to a friend.

GET IT TOGETHER SUNRISE OR CLOSE THE HOSPITAL.

People deserve better than this.
