

Patient-170

Patient-170 had a horrible experience with Dr. Edward Ashman at Nevada Orthopedic & Spine Center. Dr. Ashman never visited the patient while she was laying in pain in the hospital for 3 days and only saw the patient for 5 seconds before surgery. The patient was in the hospital for 6 days after surgery and never saw Dr. Ashman. Patient says she would NOT send a dog or her worst enemy to Dr. Edward Ashman.

Patient-170 went to Dr. Edward Ashman at Nevada Orthopedic & Spine Center. She had a horrible experience.

Dr. Edward Ashman is horrible!!

He is supposed to be a trauma surgeon, but he let me lay for 3 days without consultation. Without addressing my injury -- which did require surgery.

I saw him for 5 seconds before surgery.

It's now day 6 post-op, and I haven't seen him. He has not even checked the surgical site.

This so-called trauma surgeon is horrible!!

I wouldn't send my dog or worst enemy to Dr. Edward Ashman.

This is a stock photo of a grumpy doctor.
