

Patient-171

Patient-171 went to Sunrise Hospital for labor and delivery. She said it was the most terrible hospital ever. She heard Sunrise Hospital is known as the "death hospital" and now she understands why. Nurses would not respond. Nobody cleaned the baby after birth and told the patient to do it herself when she gets home. Patient-171 went to Sunrise Hospital for labor and delivery.

Here is her story:

The most terrible hospital ever.

I heard it's a death hospital, and now I understand why.

They have the worst service ever, and I will never return (to Sunrise Hospital).

The only reason I had to get rushed there because ambulance said MountainView was too far.

My whole delivery was terrible. The worst I have ever experienced.

The nurses never came in to check on me or my baby.

I had to keep pushing the buzzer, and nurses were getting upset.

No one washed my baby. They told me I had to wait till I get home.

They had so many students who didn't know what they were doing.

They made me have blood clots for a whole year, and I lost so much blood.
