

Patient-183

Patient-183 went to Sunrise Hospital for brain surgery. She was poked 18 times by 5 people within 10 minutes. The nurses kept making excuses. This patient is a healthcare worker so she definitely knows this was wrong. Her arms were bruised, veins were blown and she had hematomas. She will NEVER AGAIN go to Sunrise Hospital.

If i could give this place 0 stars, I would!!

I was poked 18 times by 5 ppl within 10 mins!!

I am a healthcare worker.

This was very unprofessional.

All of the nurses -- instead of listening, they kept making excuses as to why I need to remain calm.

The only nurse that insured I was ok was the ICU nurse.

The night shift nurses were horrible and gossiped about each other to me!!

My day nurses were helpful for 2-3 days.

I will NEVER GO AGAIN to Sunrise Hospital.

It has been about 2 week, and my arms are still bruised with all my veins blown and hematomas.

I was in there for brain surgery, and I am a veteran.

There are numerous patient stories about bad attempts at IV placement at Sunrise Hospital, with photos of many damaged arms.

This is one of the photos that was posted online by another patient with an injured arm due to a bad attempt at IV placement.

Just say NO to Sunrise Hospital
