

Patient-224

Patient-224 went to Sunrise Children's Hospital with a broken elbow. Another bad experience and a child was suffering. This 5-year-old child was left waiting for more than 24 hours, with no food. Staff failed to keep the family informed. Patient says Sunrise Hospital is NOT serving patients -- they are only serving the bank accounts of the executive office.

Patient-224 went to Sunrise Children's Hospital.

Here are the comments from his family:

Again with the failure to communicate.

My 5-year-old grandson broke his arm and was referred immediately to Sunrise Hospital for surgery to correct the break (elbow).

Arrived in Vegas around 1 a.m.

Got to a room around 4 a.m.

We were told that surgery was scheduled for 4 p.m.

It's now 8 p.m. and this 5-year-old has not eaten in 24 hours.

Still waiting for surgery, and absolutely no communication from ANY staff.

But you can be sure insurance will be billed for 24 hours of services for being ignored.

This is the second time this year this hospital has pulled this ridiculously unethical nonsense.

Wonder where the fraud is, start here! They are not serving patients, just the bank accounts of the executive office.
