

# Patient-272

**Patient-272 went to Sunrise Hospital. Absolute worst experience of my life. They left him in the hallway for 17 hours. No food or water. HIPAA violations. Patient is a 30-year veteran who served in 3 wars and has been through field hospitals. Sunrise Hospital lied to the VA hospital when they said they had a bed available for me.**

**The absolute worst experience in my life time.**

**I am a 30-year veteran, having deployed in three wars, and I have been through field hospitals. This hospital was the worst experience.**

**First they lied to the VA North Pecos Main Hospital by saying they had a bed for me, but when I got there -- they did NOT have a bed.**

**They put me in a hallway and left me there for 17 hours straight.**

**No food.**

**No water.**

All I heard all night was screaming from other patients left in the hallway.

Then they had a floor cleaner come by weaving around all the beds in the hallway.

**At one point, my HIPAA PHI was violated by a doctor who just blurted out in the hallway for all other patients could overhear my personal condition.**

I could go on and on, but I just can't take reliving the experience.

**Absolute worst experience of my life.**

**Patient was left in the hallway for 17 hours with no food and no water.**

**Patient is a 30-year veteran who served in 3 wars and has been through field hospitals (so it says a lot when he says Sunrise Hospital is the absolute worst experience of his life).**

**When the VA hospital contacted Sunrise Hospital and asked if they had a bed for the patient, Sunrise Hospital lied and said they had a bed available (but they did not).**

**Just say NO to Sunrise Hospital**
