

# Patient-63

**Patient-63 went to Sunrise Hospital with chest pains. He waited for several hours and did not see a doctor, so he pulled out his own IVs and left. The patient said "If you feel like dying, go to Sunrise Hospital, because they don't give a crap about nobody."**

**Tonight, I ripped my own IVs out of my arm and walked out!!**

**After being in the hospital with chest pains for hours.**

The staff did NOT care.

I heard about the nurses' marriage problems and heard a doctor cry about who is going to cover station cleans.

The staff are disgusting and rude and need to be fired.

Do better Sunrise!!

**I used to like this hospital. Now it's just garbage.**

**If anyone feels like dying, go to Sunrise Hospital because they don't give a crap about nobody!!**

Thank God for social media because I'm definitely posting these videos on TikTok.

This photo introduces a video where a doctor shows you how to remove your own IV drip. [Watch the video.](#)

**REMINDER: You can choose to leave a hospital. Just ask for the AMA form (AMA means "against medical advice.") Comments posted on review websites have stated that Sunrise Hospital will try to force you to stay using scare tactics such as telling you that insurance won't pay if you leave. If you are not getting proper medical care or are being harmed or threatened, YOU CAN LEAVE SUNRISE HOSPITAL and go to a better hospital (or go to your primary care doctor or urgent care, depending on your medical situation).**

**Just say NO to Sunrise Hospital**
