

Patient-74

Patient-74 had a bad experience with Dr. Reynold Rimoldi at Nevada Orthopedic & Spine Center. The patient said Dr. Rimoldi was rude and arrogant. You are not a person. Just a number. If he doesn't see a surgery he can do, he will dismiss you.

Reynold Rimoldi (with [Nevada Orthopedic & Spine Center](#)) is one of the worst doctors I have encountered.

Before seeing him, I looked him up on Yelp and you will see why. All the bad reviews are true unfortunately.

I really wish I read them before seeing him, but I was referred and trusted that doctor, but Rimoldi is something else.

No bedside manners, and if he doesn't see a surgery he can do, he will dismiss you without looking into further imaging as to what is going on.

You're not a person to him. Just a number.

He is rude and arrogant, to put it lightly.

I wanted to tell him off, but it was definitely not worth my time or energy.

See anyone else, please!!!

If you are suffering, this isn't the person you want to see.

Look on Yelp. He has a 1.3 rating for a very good reason!!
