**Patient-80 died in the Intensive Care Unit (ICU) at Sunrise Hospital. The patient's family believes he was murdered in the ICU.**

My father was murdered in the Intensive Care Unit (ICU) at Sunrise Hospital.

When I called to ask about his well-being, the nurse I spoke to, Pauline, was incredibly rude.

**I have since read all the reviews for the hospital, and it's astonishing how bad it has been and continues to be.**

I feel partly responsible for his death because I wasn't there while the staff was slowly murdering him.

**He was alive there for 5 days and on a ventilator for 2 days.**

They drugged him while he was conscious.

When I spoke to him on the phone, he made it sound like he was at Disney World.
