

Patient-93

Patient-93 saw Dr. Kevin Laroche at Nevada Orthopedic & Spine Center. Absolutely worst experience. Dr. Laroche would not send the referral to a different surgeon. Patient recommends you go elsewhere for orthopedic needs.

DO NOT GO HERE AND DO NOT SEE DR. KEVIN LAROCHE.

This is absolutely the worst experience I've ever had with any doctor's office.

When I saw Dr. Kevin Laroche (with [Nevada Orthopedic](#) & Spine Center), he told me he referred me to a different surgeon because he couldn't perform the procedure that was recommended.

It has been two weeks, and he STILL HAS NOT sent the referral and on top of that the referring doctor would likely not accept per his assistant, May, who is often unreachable and completely void of empathy.

They basically wasted my time for three weeks, actually longer, if you count the amount of time I had to wait to get an appointment.

If you want your orthopedic issues taken care of, look elsewhere.

Note to readers: Read the stories of [Patient-1](#) and [Patient-32](#) to learn more about how the surgeons at Nevada Orthopedic refuse to give their patients referrals to see other surgeons.

This is a stock photo illustrating when a doctor will NOT give the patient a referral.

Just say NO to Nevada Orthopedic and just say NO to Dr. Kevin Laroche
