

Join our study!

For families of individuals with
**autism, neurodevelopmental
disorders, & rare genetic
conditions**

You're the expert on your child's communication.
Bring your insights to science with **EVOCA!**

What is EVOCA?

EVOCA is a **new communication app**
developed by researchers, speech therapists,
and **families like yours!**

What will I use the app for?

Record **the sounds your child makes** in the app!
These recordings help us **understand how non/
minimally-speaking individuals communicate.**

How can I participate?

Scan me!

Are you a parent/caregiver of someone
who:

- Has **< 100 spoken words**
- Is 6-35 years old

Receive up to \$400 over 2 years
