Grounds Maintenance Services

The George County School District (GCSD) is soliciting quotes for landscaping and grass mowing services. The services may include, but not limited to: grass mowing, removal of debris, hedge trimming, tree trimming, landscaping, etc. It is the intent of the GCSD for the initial term of agreement to be for a period of (18) months, beginning January 1, 2026, and go through June 30, 2027. GCSD reserves the right to have the option to extend the agreement for one year at a time. The original dated agreement dated on January 1, 2026 may, by mutual written assent of both parties, be extended for three (3) additional twelve (12) month periods, up to a cumulative total of forty-eight (48) months. Initial quote pricing is guaranteed for a minimum of the first year, with price reductions always acceptable. The agreed-upon pricing shall be firm for the contract year. Should the GCSD determine the increase is not in the best interest of the GCSD, the GCSD shall have the right to terminate the agreement. GCSD reserves the right to terminate the agreement by providing 30 days written notice. The contractor must maintain a \$1 million certificate of liability and name the George County School District as an additional insured on the general liability. The grass mowing areas for each campus are represented in Red on each map (available at the GCSD Office).
