CREMATION SERVICES

DIRECT CREMATION **\$2,680.00 to \$3,055.00**

Charge includes removal of the remains, custodial care, transfer to the crematory and basic services of the funeral director and staff. A cremation container is a combustible closed container that encases the body and can be made of materials like fiberboard or corrugated cardboard and into which a dead human body is placed prior to insertion into a cremation chamber for cremation. The containers we provide are fiberboard, plywood and/or cardboard. (FTC: if you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provided are a fiberboard container or an unfinished wood box.

This charge does NOT include any visitation, rites or ceremonies. This charge includes a payment to the crematory for the crematory fee and the county for a cremation registration fee. **This charge does NOT include MN county medical examiner fee.** *Add \$300 for preparation of unembalmed remains for private family viewing.*
