The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first- class session (first day of classes), or the seventh calendar day after enrollment (seven calendar days from the date when the enrollment agreement was signed), whichever is later.

The notice of cancellation shall be in writing and submitted directly to the Financial Aid Office. A withdrawal may be initiated by the student's written notice or by the institution due to the student's academics or conduct, including, but not necessarily limited to, a student's lack of attendance.

Refund Policy

After the cancellation period, the institution provides a pro-rata refund of all funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the enrollment period in the entire course has elapsed (including absences), there will be no refund to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.

A registration fee of \$250.00 is a non-refundable item. Equipment, books, supplies, tools, uniforms, kits, and any other items issued and received by the student would not be returnable after the cancellation period. Once received by the student, these items will belong to the student and will represent a liability to the student.

If the student cancels the agreement, the school will refund any money that was paid, less any deduction for the non-refundable registration fee and equipment received. If the student withdraws from school after the cancellation period, the refund policy described above will apply. If the amount paid is more than the amount owed for the time attended, a refund will be made within 45 days of the official withdrawal date. If the amount owed is more than the amount already paid, the student will be required to arrange payment for the outstanding balance. The official withdrawal date is based on the student's notification or the school's determination.

Determination Of Withdrawal from School

Withdrawal Policy

Determination of Withdrawal from School A student will be considered withdrawn from the Academy on the earliest of the following:

- The date the student notifies the Financial Aid Office in writing of intent to withdraw. Only the Financial Aid Office is authorized to accept notification of withdrawal.
- The date the Academy terminates enrollment due to academic failure, violation of school policy, or failure to meet attendance requirements.
- The date the student fails to attend classes for **14 consecutive calendar days** (including weekends and holidays) without notifying the school, in which case the withdrawal is determined on the **15th day of absence**.
- The date the student fails to return as scheduled from an approved Leave of Absence (LOA).

The withdrawal date shall be the last date of recorded attendance. The date of determination is the date the school identifies the student as withdrawn.

Voluntary Withdrawal

Students who choose to voluntarily withdraw from the Academy prior to dismissal may be eligible to apply for re-enrollment under the following conditions:

1. **Written Notice:** Students must complete and submit a Voluntary Withdrawal Form to the Administration Office. The date the form is received will serve as the official withdrawal date.
 2. **Waiting Period:** A minimum of 180 calendar days must pass before the student is eligible to reapply.
 3. **Re-Enrollment Fee:** A \$250 non-refundable re-enrollment fee is due at the time of re-entry.
 4. **Academic & Attendance Records:** Students will re-enter with the same GPA and attendance percentage they held at the time of withdrawal. Prior suspensions do not carry forward. No additional 30-hour grace period will be granted.
 5. **Financial Aid Review:** Eligibility for financial aid will be re-evaluated and re-certified in accordance with current U.S. Department of Education regulations. Federal financial aid is not guaranteed upon re-entry.
 6. **Contract Adjustments:** A revised enrollment contract will be issued, and tuition, fees, and program costs will be assessed at the rates in effect at the time of re-entry.
 7. **Course Placement:** Returning students will be placed into the curriculum phase most appropriate for the hours completed and progress demonstrated at the time of withdrawal. If a significant period of time has passed since the student's last attendance, the Academy reserves the right to assess the student's current skill level and knowledge. Based on this assessment, the student may be required to repeat earlier phases of the program—including starting at Phase I—regardless of previously accumulated hours, to ensure competency and successful progression.
 8. **Satisfactory Academic Progress (SAP):** Students will return with the same SAP status held at the time of withdrawal (see SAP Policy for details).
 9. **Discretion of the Academy:** Re-enrollment is **not automatic or guaranteed**. Approval for re-entry is at the sole discretion of the Academy and is subject to available space, satisfactory prior conduct, and compliance with current school policies and tuition rates.
-

Involuntary Withdrawal (Termination)

Students who are terminated from the Academy due to academic failure, attendance violations, or conduct violations are **ineligible for re-entry**. Termination is final, and no re-admission will be granted.

Course Cancellation and School Closure Policy

- If a course is canceled after a student's enrollment but before instruction has begun, the school shall, at its option:
 - Provide a full refund of all money paid, or
 - Provide for completion of the course at schools in the neighborhood.
- If the school closes after a student's enrollment but before instruction has begun, the school shall, at its option:
 - Provide a full refund of all money paid, or
 - Provide for completion of the course at schools in the neighborhood.

Return Of Title IV Funds

Students receiving Unsubsidized/Subsidized/PLUS/Perkins loans, ACG/National SMART/Pell/SEOG grants, or other federal financial aid who withdraw from school prior to completing 60 percent of the workload in any given payment period will have a calculation performed based on the percentage completed. This calculation determines the amount of financial aid earned versus unearned funds, which will then be returned to the appropriate program by the school and/or the student.

Student liability for loan funds will continue to be paid in accordance with the original promissory note terms. Funds owed by the student to the grant programs are limited to 50% of the gross award per program received.

For example, if a student completes 25% of the payment period or enrollment period, only 25% of the aid disbursed or that could have been disbursed is earned. If applicable, this would be the first calculation to determine the amount of aid the student would be eligible for from the Title IV Financial Aid Programs. A second calculation would determine the amount earned by the institution during the period of enrollment.

If the student is eligible for a loan guaranteed by the federal or state government and defaults on the loan, the following may occur:

The federal or state government or a loan guarantee agency may take action against the student, including garnishing tax refunds to reduce the balance owed on the loan.

The student may not be eligible for additional federal student financial aid at another institution or any other government assistance until the loan is repaid.

Student Access to Personal Records Policy

Academy for Salon Professionals is committed to ensuring students have access to their academic and financial records while maintaining the privacy and security of their information.

Student records are **permanently retained**, with hard copies kept for a **minimum of five years**, in accordance with **BPPE and NACCAS requirements**. Upon enrollment, students receive copies of all signed registration documents. Additionally, students can access their **grades, hours, and enrollment details** through the student portal.

Students have the right to **inspect and review** their educational records by submitting a **written request** specifying the information they wish to access. The institution will provide access to the requested records **within 15 days**. If a student believes their records contain inaccuracies, they may request **corrections** in writing. If a dispute arises, students may request a meeting to resolve the issue.

In compliance with the **Family Educational Rights and Privacy Act (FERPA)**, the institution will not disclose student records to any third party without the student's **written consent**, except as permitted by law. Students must submit a **release form** for each third-party request. The institution grants its **accrediting agency** access to school records as required for accreditation and regulatory purposes.

Student Tuition Recovery Fund (STRF) Disclosure

The State of California established the Student Tuition Recovery Fund (STRF) to protect students who are California residents or enrolled in a residency program in California. The STRF provides reimbursement to students who have prepaid tuition but are unable to complete their education due to the closure of their institution or other covered circumstances.

To be eligible for STRF reimbursement, a student must have:

- Paid into the STRF at the time of enrollment.
- Suffered an economic loss due to one of the following:
 - The school closed before completing the program.
 - The student withdrew from the program within 120 days of the school's closure.
 - The student was unable to obtain a refund of prepaid tuition.
- At this time, the STRF assessment rate is \$0.00 per \$1,000 of institutional charges. This rate is subject to change per BPPE regulations.

Consumer Information & Financial Aid Policies

Consumer Information Disclosure

Academy for Salon Professionals provides consumer information to assist students in making informed decisions about their education. This includes details on financial aid, program costs, graduation and job placement rates, licensure requirements, and student rights under FERPA. Consumer information is available upon request and on Academy's website www.academyla.com

Determining Financial Need

Financial need is assessed using the Free Application for Federal Student Aid (FAFSA). The U.S. Department of Education determines a student's Student Aid Index (SAI), which is subtracted from the Cost of Attendance (COA) to determine eligibility for grants, loans, and other aid.

Cost of Attendance (COA)

The COA represents an estimated total cost for one academic year and includes:

Tuition and Fees

Books, Supplies, and Kits

Room and Board (Housing & Food) Transportation

Personal Expenses

The COA may vary depending on a student's enrollment status and living situation (e.g., living at home vs. living independently).

Award Concept, Selection of Recipients & Packaging Criteria

Academy for Salon Professionals awards financial aid based on need, availability of funds, and student eligibility. Federal aid is offered in the following order:

Pell Grants (for eligible students)

Federal Direct Subsidized and Unsubsidized Loans Parent PLUS Loans (for dependent students' parents)

Financial aid is packaged to cover educational expenses up to the student's COA while ensuring compliance with federal aid limits.

Definitions of Financial Aid Terms

FAFSA: Free Application for Federal Student Aid, required for all federal financial aid applicants. SAI: Student Aid Index, calculated by FAFSA and used to determine need-based aid. Subsidized Loan: A federal loan that does not accrue interest while the student is in school.

Unsubsidized Loan: A federal loan that accrues interest while the student is in school.

COA (Cost of Attendance): The total estimated cost of completing one academic year, including tuition, fees, and living expenses. SAP (Satisfactory Academic Progress): The required academic and attendance standards for students receiving financial aid.

Net Price Calculator

The Net Price Calculator provides prospective students with an estimate of the total costs associated with their education after financial aid is applied. This tool helps students understand out-of-pocket costs before enrollment. The Net Price Calculator is available at www.academyla.com under the Consumer Information Tab.

FERPA (Family Educational Rights and Privacy Act)

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. Under FERPA, students have the right to:

- Inspect and review their educational records by submitting a written request to the School Director. Academy will provide access within 45 days of receiving the request.
- Request corrections to inaccurate or misleading information in their records.
- Limit disclosure of personal information without written consent, except in cases where FERPA permits disclosure without consent.
- Academy may release directory information (such as student name, enrollment status, and program of study) unless a student submits a written request to withhold this information. Requests to opt out of directory information disclosure must be submitted in writing to the School Director.
- FERPA allows Academy to disclose educational records without consent to school officials with legitimate educational interests, including instructors, administrators, accrediting agencies, financial aid providers, and government authorities as required by law. Additionally, records may be disclosed without consent in compliance with subpoenas, audits, financial aid processing, or health and safety emergencies.

For more information on FERPA rights or to request record access, students may contact the School Director or visit the U.S. Department of Education FERPA website at www2.ed.gov/policy/gen/guid/fpco/ferpa/.

Orientation Policy

Orientation is mandatory for all newly enrolled students at Academy for Salon Professionals. It is held on the first day of school and provides essential information regarding the program, policies, expectations, and available resources. Students are required to attend orientation to proceed with their enrollment. Failure to attend will result in the enrollment contract being voided, and the student will not be permitted to begin their program. During orientation, students will receive an overview of their program curriculum and schedules, a detailed review of school policies and the code of conduct, and information on financial aid, payment plans, and tuition requirements. Additionally, orientation will cover student expectations, attendance policies, academic progress requirements, health and safety procedures, sanitation standards, and state board regulations. Students will also learn about student support services and career guidance opportunities available to them throughout their training.

Academic Advising and Student Support

Academy for Salon Professionals is committed to providing students with the academic guidance and support necessary for their success. Academic advising and student support services are available to all students and are provided by both instructors and administrators throughout their enrollment.

Academic advising helps students stay on track with their educational goals, maintain satisfactory academic progress, and address any challenges they may encounter during their program. Instructors provide ongoing feedback, skill evaluations, and one-on-one coaching to ensure students develop the technical expertise and professionalism required for their field. Administrators are available to assist with academic planning, attendance concerns, and career guidance, helping students navigate their educational journey successfully.

Student Portal

Students are encouraged to utilize their Student Portal throughout their time at Academy for Salon Professionals. The Student Portal provides access to essential academic and financial information, allowing students to stay informed and engaged in their education.

Through the portal, students can view their grades, attendance records, tuition account balance, financial aid satisfactory progress status, financial aid eligibility, and enrollment data. Additionally, students can access their student loan tuition disbursement notification letters and other important financial aid updates.

The Student Portal information can be found on your Welcome to Academy for Salon Professionals letter emailed after enrollment and before the first day of school. Students should log in regularly to stay up to date on their academic and financial standing. For assistance with accessing the portal or troubleshooting login issues, students may contact the Admissions or Financial Aid Office.

Housing

Academy for Salon Professionals does not offer on-campus or subsidized housing for students and does not have the facilities to assist students in finding housing. However, there are housing options available in the surrounding communities. As of February 2025, the average rent for a one-bedroom apartment in Northridge, CA 91324, is approximately \$1,957 per month.* as of Feb. 2025 [apartments.com](https://www.apartments.com)

Please note that rental rates are subject to change and may vary based on factors such as location, amenities, and market demand. Students are encouraged to research current housing options and costs to make informed decisions.

Student Academic Progress Policy SAP

The Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled at the school, regardless of enrollment status or financial circumstances. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Students at Academy for Salon Professionals must maintain a minimum of 80% in Academics (qualitative) and Attendance (quantitative). Students are required to attend a minimum of 80% of the hours possible based on their applicable attendance schedule to be considered as maintaining SAP. The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Homework grades, laboratory procedures, chapter tests, exams, and projects completed are used for all evaluations. When a student falls below 80% in attendance or GPA in Phase 1, they will be dropped from the program. They will have the opportunity to re-enroll when ready to commit to the program.

The time frame in which a student must complete the educational program may not exceed 125% of the published length of the educational program, measured in clock hours.

Example:

80% attendance rate × 1,000 hours = 800 hours
1,000 clock hours / 1,250 hours = 125%

Academy for Salon Professionals' current programs use an academic year that is 900 clock hours in length and 29 weeks to determine Title IV eligibility.

Maximum Time Frames for Completion

Cosmetology Program 1,000-Hour

Maximum Hours: 1,000 program hours × 1.25 = 1,250 hours
Maximum Weeks: 1,000 hours / 31.5 (full-time hours per week) = 32 weeks
Maximum Completion Time: 40 weeks
Cosmetology Program 1,200-Hour
Maximum Hours: 1,200 program hours × 1.25 = 1,500 hours
Maximum Weeks: 1,200 hours / 31.5 (full-time hours per week) = 39 weeks
Maximum Completion Time: 48 weeks
Esthetics Program
Maximum Hours: 600 program hours × 1.25 = 750 hours
Maximum Weeks: 600 hours / 34 (full-time hours per week) = 17.65 weeks
Maximum Completion Time: 22 weeks

Students who do not complete the program within the 125% maximum published length will be terminated, and the institutional and R2T4 refund policy will apply.

Students who take a documented, approved Leave of Absence (LOA) will have their contract period and maximum time frame extended by the same number of Calendar days taken on the leave.

Academic performance is evaluated through qualitative factors, including homework, practical exams, theory exams, and practical assignments. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study, while practical assignments are evaluated as completed. Practical skills are graded based on textbook procedures and established practical skills evaluation criteria adopted by Academy.

Academy for Salon Professionals maintains a grading scale with a minimum acceptable level of progress of at least 80% cumulative grade average or an academic standing consistent with Academy's graduation requirements, whichever is higher.

Percentage	Grade Description
90-100%	Excellent
80-89%	Good/Passing
0-79%	Below Satisfactory

Students' attendance and academic performance are measured at specific SAP checkpoints in their program. Failure to meet 80% at any SAP checkpoint may result in a written warning, probation, loss of financial aid, or expulsion.

SAP Evaluation Checkpoints:

- Cosmetology Program 1,200-Hours: 450 hours 13 weeks, 900 hours 13 weeks, and 1,200 actual hours 13 weeks
- Esthetics Program: 300 hours 9 weeks 600 actual hours 9 weeks

The first evaluation must occur no later than the midpoint of the academic year or the course and/or program, whichever occurs sooner. All SAP evaluations will be completed within seven business days of the evaluation point.

Students who meet a minimum of 80% attendance and academic performance are considered to be making Satisfactory Academic Progress (SAP) until the next evaluation. Students who fail to meet minimum requirements for attendance or academic progress at an evaluation period will be placed on written warning but will still be considered making SAP during the warning period, until the next evaluation point.

Students may re-establish SAP and Title IV eligibility by meeting a minimum of 80% attendance and academic requirements by the end of the evaluation period. Students who fail to meet SAP requirements after the warning period will be placed on probation if they appeal the decision and prevail upon appeal. Only students who could meet SAP standards by the end of the evaluation period may be placed on probation.

If a student is determined to not be making SAP, they may appeal within 10 calendar days. Acceptable reasons for appeal include death of a relative, injury or illness of the student, or other allowable mitigating circumstances. The student must submit a written appeal with supporting documentation, explaining why they failed to meet SAP and how their circumstances have changed to allow SAP achievement at the next evaluation.

Appeal documents will be reviewed, and a decision will be made within 30 calendar days. The appeal decision will be documented in the student file. If the student prevails upon appeal, they will be placed on probation, and federal financial aid will be reinstated, if applicable. Acceptable supporting documentation for an appeal includes doctor's notes, obituaries, counseling records, and a personal narrative statement.

- Students not meeting SAP may lose Title IV funding unless they are on warning or have prevailed upon appeal.
- Warning: The student will receive a written notice outlining the actions required to meet SAP. If the student fails to meet SAP by the next evaluation, they may be placed on probation and, if applicable, deemed ineligible for Title IV funds.
- Probation: If the student fails to meet SAP after the warning period, they will be placed on probation if they prevail upon appeal. If
- SAP is still not met by the next evaluation, they will be deemed ineligible for Title IV funds and may be dismissed from the program.

SAP Status Definitions

Leave of Absence & Re-Enrollment

If a student takes a Leave of Absence (LOA), they will return to school with the same progress status as when they left. The contract period and maximum time frame will be extended by the number of days taken on the LOA, and those days will not be included in the

cumulative attendance percentage.

Students who withdraw before program completion and wish to re-enroll will return with the same SAP status as at the time of withdrawal.

At each official Satisfactory Academic Progress (SAP) evaluation point, the student's SAP report is reviewed, printed, and scanned into their permanent file maintained by the Financial Aid Office. A copy of the SAP report is emailed to the student on the day it is generated. Students may also request a printed copy of their SAP report at any time by contacting the Financial Aid Office.

Non-credit, remedial courses, and course repetitions do not apply at this institution and will not affect SAP.

Suspension and Termination Policy

Students may be suspended (sent home) or terminated for absences, tardiness, inappropriate behavior, or misconduct, including but not limited to failure to complete assignments, tests, homework, or makeup work; non-compliance with dress code, tool requirements, or class participation; missing deadlines set by the instructor; and engaging in cyberbullying, which includes harassment, threats, or intimidation via social media, text messages, emails, or other digital platforms. Suspended students will receive written notification of the issue along with instructions on how to correct the problem.

Academy Policies Attendance and Tardiness

When you sign your enrollment contract, you are given an anticipated graduation date. Your tuition covers all fees up to that date. Academy for Salon Professionals will continue to train Cosmetology students for an additional 30 hours at no charge and Esthetics students for an additional 20 hours at no charge. Once a student has exhausted these additional hours, each additional hour will be charged at a rate of \$20 per hour. These extra hours are not applied until all course hours (600 for Esthetics/1,200 for Cosmetology) are completed.

Days off for personal reasons, including sick days, mental health days, personal religious holidays, and similar circumstances, are subject to this charge. However, documented medical emergencies, court-mandated appearances, are not subject to this overage charge with proper documentation. Doctor's notes do not excuse absences unless the absence is three or more consecutive school days to be considered for an excused absence. The note must include the date of the medical visit and the return-to-school date. Doctor's notes must be submitted upon the day you return to school; otherwise, they will not be considered for an excused absence.

Students in Phase I are subject to stricter attendance requirements. During this period:

- Students may not miss three (3) consecutive scheduled school days.
- Students may not miss more than five (5) total scheduled school days in Phase I.
- Students must maintain at least 80% attendance at all times.

Whichever of these limits is reached first will result in dismissal from the program. Students who are dismissed are considered permanently ineligible for re-enrollment at the Academy.

Tardiness

Punctuality is essential. If you clock in after 9:00 AM or 5:30 PM more than twice within a 30-day period, the third tardy will be recorded as an absence, and you will be sent home. If you arrive after 9:05 AM or 5:35 PM, you will not be allowed to attend class and will be sent home.

Absenteeism

Students must maintain a minimum attendance rate of 80% at all times. If a life circumstance prevents attendance, it is mandatory to contact your instructor or a staff member before class begins. Notifications may be made via email. If a student fails to maintain at least 80% attendance, corrective action will be taken immediately, and attendance must be maintained moving forward. For students

receiving Federal Student Aid (FSA) or VA funding, notification will be sent immediately if the student is terminated or placed on FSA probation.

14-Day Absence Policy

Students who are absent for 14 consecutive days (including weekends and holidays) are considered to have abandoned their program and will be withdrawn on the 15th day.

Friday Absence Policy

Fridays must be requested off by the Tuesday prior to the absence. If a student fails to request Friday off in advance, and does not attend, they will be suspended for missing a Friday without prior approval.

If a student is sick on Thursday and unable to attend class, they must email Danielle danielle@academya.com, their instructor, and Jill jill@academya.com request Friday off. If a student was absent on Thursday due to illness, they may request Friday off, but this must be communicated in advance.

A half-day request off is available for departure at 1:00 PM only. Students must submit a half-day request form in advance; this can be found in your student breakroom.

Over-Contract Charges

If a student needs to makeup a missed day beyond the 30-hour allowance for Cosmetology or the 20-hour allowance for the Esthetics Program, a fee of \$20.00 per hour will be charged. This overage fee must be paid in advance and is not covered by any form of Federal Financial Aid.

The 30 hours Cosmetology and 20 hours Esthetician allowed are designated to accommodate illness, personal and religious holidays, and family commitments. Suspensions, undocumented absences, and non-emergency absences are subject to these hours. Excessive absences beyond the allotted hours will result in over-contract charges.

Emergency Closure

Academy for Salon Professionals operates as a clock-hour program. In the event of an unforeseen emergency, such as a natural disaster, city or county mandate, or unexpected electricity or plumbing outage, Academy may need to temporarily close.

When emergency closures occur, the scheduled hours for the affected day(s) or night(s) will be shifted to non-contracted hours. While these hours will not be counted against the student, the closure will result in an adjustment to the student's graduation date equal to the duration of the closure.

Emergency closure will not result in over-contract charges, but the contract end date will be extended accordingly.

Leave of Absence (LOA) Policy

Academy for Salon Professionals acknowledges that, on occasion, students are forced to take an approved Leave of Absence (LOA). Students must follow Academy's LOA policy.

Reasons for Approved Leave of Absence (LOA):

- Medical/health issues
- Family (immediate) emergencies
- Financial hardship

Leave of Absence requests must be presented in writing in advance unless unforeseen circumstances prevent the student from doing so. The request must include the reason for the LOA, be signed and dated by the student, and be forwarded for review by the board. If possible, the student should provide documentation to support the request for an LOA, though in some cases, a student's written statement may be accepted. Paperwork for the LOA is processed in the Financial Aid Office. Academy for Salon Professionals reserves

the right to deny an LOA based on the facts provided. To approve the LOA, the school must have a reasonable expectation that the student will return from the leave.

An LOA may be granted to a student who did not provide the request prior to the leave due to unforeseen circumstances, provided Academy documents the reason for its decision and collects the request from the student at a later date. Academy will establish the start date of the approved LOA as the first date the student was unable to attend.

When approving the LOA, Academy for Salon Professionals will not assess the student any additional institutional charges, and the student's financial need may not increase. The Financial Aid Administrator will, if the student is a Title IV loan recipient, explain to the student, prior to granting the LOA, the effect that failing to return from an LOA may have on loan repayment terms, including the expiration of the grace period. The LOA extends the student's contract period and maximum time frame by the same number of calendar days taken on the Leave of Absence. An addendum to the enrollment agreement must be signed by the Financial Aid Department and the student.

A Leave of Absence may not exceed 30 calendar days; however, a student may request an additional leave prior to the end of the initial LOA if necessary. The student will resume the program at the point they left off. A student will not be granted an LOA if the total LOA period, including previously granted leaves, exceeds 180 days in a 12-month period. The 12-month period begins on the first day of the student's initial leave of absence.

A student in Phase I at Academy for Salon Professionals who requests an LOA will be required to follow a specialized program created by an educator upon return. The student cannot expect to resume in the Phase I class they were previously in. The class selection will be determined by the educator, not the student, in order to maximize education and minimize the impact of the LOA.

A student granted an LOA that meets the criteria outlined in this policy is not considered to have withdrawn, and no Return to Title IV (R2T4) calculation or Academy refund calculation is required. Upon the student's return from leave, they will continue to earn the Federal Student Aid previously awarded for the period. While an LOA is not subject to overage charges or Financial Aid returns, the student's contract period will be extended by the same number of calendar days taken on the LOA. An addendum to the enrollment agreement must be signed by both the student and the Financial Aid Office, and the student will receive a copy of the addendum with their revised end date.

If the student wishes to return before the 30th day and can immediately resume at the level they left off, they may return early from the LOA. If an LOA needs to be extended beyond 30 calendar days, the student must contact the Financial Aid Administrator (FAA) to request a new LOA before the original LOA ends. The extension must be signed by both the student and the FAA.

Students who take an unapproved LOA or fail to return from an approved LOA will be withdrawn from Academy. The Date of Determination will be the day the student failed to return from the LOA. Since Academy is required to take attendance, the student's withdrawal date for refund calculations will be the last day of attendance. If a student decides not to return to Academy for Salon Professionals while on an approved LOA, the date of notification (in writing) will be the Date of Determination, and the Date of Withdrawal will be the last date of attendance. Federal Student Loan repayment is determined by the Date of Withdrawal, not the Date of Determination.

A student who must take an approved Leave of Absence or withdraw from training for non-academic reasons may return to the program without loss of progress, provided they were making satisfactory academic progress at the time they left.

Students taking an LOA during Phase I of the program will be placed in a classroom at the same point where they left off. However, students in Phase I cannot expect to rejoin the same classmates they had prior to the LOA. Due to scheduling, students may not be able to return on their preferred date.

Transfer hours will be counted as both attempted and earned hours for SAP calculations. SAP evaluation periods are based on actual contracted hours at the institution

Students will receive an email notification of their SAP determination after each evaluation. SAP reports will be kept in student files in the Financial Aid Office, and students may access their Loan Disbursement Notification Letter via the Student Portal.

Grading Method

The grading system is applied consistently from the first day of class for all students. Students are evaluated through tests,

homework, hands-on practice with models, and a final project to ensure competency in theoretical and practical skills. A minimum score of 80% is required to pass each assessment. Academy for Salon Professionals uses a 100-point grading scale, where 80-100% is passing and 0-79% is not passing. If a student does not achieve this score, a retake is mandatory. The highest possible score on a retake is 85%, regardless of performance. This grading policy ensures consistency, fairness, and adherence to regulatory requirements while maintaining high educational standards. Students receive grades for all required units of study as outlined in their enrollment agreement.

Grading will be completed within one week of the due date or submission date, and students may review their grades and attendance records at any time through their Student Portal. It is the student's responsibility to monitor their portal regularly and ensure they are not missing any coursework or clocked hours.

Make-Up Work Policy

All make-up work must be approved in advance. If a student chooses not to make up missed hours and exceeds the 30-hour (Cosmetology) or 20-hour (Esthetics) allotted over-contract hours, they will be required to pay \$20 per additional hour. Students may make up hours due to absences by arriving early or staying later than their scheduled hours. To participate, students must sign the make-up log by 9:00 AM (day students) or by 9:00 PM the night before (night students). Make-up hours can be scheduled Monday through Wednesday but may change due to staff meetings, graduations, or training events. If a student leaves early during make-up hours, those hours will be revoked. Hours cannot be traded (e.g., making up hours in advance for future absences is not allowed).

Students in Phase 1 cannot make up hours outside of scheduled class time. Once past Phase 1, students may make up missed hours through approved activities. If a student misses a class in Phase 1, they may arrange with their Phase 2 instructor to review the missed material. Other approved make-up options include extra credit hours (pre-approved by an instructor), attending a pre-approved manufacturer class outside Academy (classes hosted at Academy count as clocked and theory hours), and externship participation (up to 60 hours for Esthetics students only).

Trading hours for hours are not allowed. Students cannot trade outside hours for school hours, and if absent, they cannot make up hours on the same day. You must attend school on Thursday & Monday (part-time)/Friday & Monday to receive extra credit hours (full-time), school closures and holiday breaks. Leaving early applies to this policy.

All extra hours must be submitted within 48 hours or by the next scheduled school day, whichever comes first, to receive credit. No make-up hours will be accepted two weeks prior to graduation once students reach 537 hours (Esthetics Day), 568 hours (Esthetics Night), or 1137 hours (Cosmetology). Academy for Salon Professionals uses RGM Software and DaySmart to track student participation, attendance, course activities, practical applications, and skills development. Students with questions should contact Danielle Johnson for clarification.

Incompletes

An incomplete may be assigned when an educator determines that a student is making every effort to learn a skill or subject but requires additional time to complete the work successfully. Educators will establish a deadline for completion and provide a clear description of the required work.

Inadequate Grades & Academic Advising

If a student is struggling in one or more areas of study, educators will set a deadline for improvement and provide guidance on how to remediate deficiencies. Inadequate grades may indicate a lack of motivation or skill challenges, and students will be notified immediately following a grading period if deficiencies are present. They will receive advice on how to correct their performance, and if their grades fall below passing standards, they will be given a clear plan for improvement. Based on their progress, students may be placed on written warning, a monitoring period, or probation to ensure they meet academic expectations.

Tutoring

Academy for Salon Professionals does not offer tutoring services. Students are encouraged to utilize classroom instruction, hands-on training, and instructor guidance during scheduled class hours. Those needing extra support should consult their instructors for clarification, review course materials, and engage in independent study or study groups.

Graduation Requirements

A student will be awarded a certificate of graduation upon successful completion of all required theory hours and practical operations with a minimum GPA and attendance rate of 80% or higher. Additionally, the student's tuition account must be paid in full to receive their Proof of Training upon completion.

Students will receive assistance in completing the necessary documents required to file for their State Board Examination. Graduation dates and details will be provided one month prior to graduation. The Academy for Salon Professionals has designated days and times each week for graduation ceremonies.

Library Resources

Academy for Salon Professionals provides a comprehensive library of reference materials, periodicals, textbooks, and web-based resources (CIMA) to support and supplement the program of study. The library is located in the teacher's office, and students have access during school hours.

To borrow materials, students must obtain permission from an educator and return them by the next school day. Failure to return materials on time may result in restricted access to library resources.

Transcripts

Each student's academic file will include their academic progress record and documentation of their certificate issued by the institution. No proof of training for the state will be issued until all tuition and fees owed to the institution are paid in full.

Students will receive transcripts upon graduation. All transcripts will be maintained permanently on-site and can be retrieved online. Students who complete graduation requirements will receive a certificate of completion.

Change of Contract Policy

A contract change may be granted under specific circumstances, including medical issues (supported by a doctor's note), work schedule changes (with a letter from the employer), or childcare issues (applicable only to the student's own child). A \$300.00 fee will apply for any schedule changes that result in a contract addendum. Once a contract change is approved, students must adhere to the new schedule, and additional hours outside the revised schedule cannot be used to make up previously missed hours.

Professionalism and Student Expectations

At Academy for Salon Professionals, students are held to high professional standards to prepare them for successful careers in the beauty and wellness industry. Professionalism goes beyond technical skills—it encompasses attitude, appearance, conduct, and a commitment to industry expectations. Students are expected to maintain a positive and professional demeanor at all times by respecting instructors, staff, clients, and fellow students, demonstrating a strong work ethic, punctuality, and accountability, adhering to all school policies and industry standards, maintaining a professional and respectful tone in all interactions, and upholding the highest standards of sanitation, hygiene, and safety.

Unprofessional behavior, including rudeness, lack of cooperation, disruptive conduct, or refusal to follow instructions, will not be tolerated. Any student who fails to meet professional expectations may be subject to disciplinary action, including suspension or dismissal. Academy is committed to fostering a positive learning environment that reflects the high standards of the beauty industry and prepares students for long-term success.

Non-Recruiting Statement

Academy for Salon Professionals does not engage in direct solicitation or recruitment of students who are currently enrolled in or attending another institution. Our admissions process is designed to provide prospective students with accurate and transparent information about our programs, policies, and career opportunities without exerting undue influence or pressure. All enrollment decisions are made voluntarily by the student, and we encourage individuals to fully research their options before committing to an

educational program. Academy strictly adheres to ethical recruitment practices in compliance with U.S. Department of Education (DOE), Bureau for Private Postsecondary Education (BPPE), and National Accrediting Commission of Career Arts & Sciences (NACCAS) guidelines.

Dress Code

Adhering to professional dress requirements is an integral part of a student's education at Academy for Salon Professionals. The beauty industry is rooted in image, fashion, and self-care, and students must present themselves professionally at all times.

Throughout training, students will receive guidance on personal image and professional appearance to prepare them for industry expectations. If an instructor determines that a student's appearance does not meet Academy standards, the student may be asked to leave, clock out, and return in appropriate attire. Hours will not be credited until the student is in compliance with Academy's dress code.

All Cosmetology and Esthetics students are required to wear Academy logo apron and all-black standard scrubs, with the option to wear black long-sleeve shirts underneath an Academy shirt or scrub top. Outerwear must be Academy-issued jackets only. Additional shirts or jackets may be purchased through the student store. Footwear must be closed-toe and professional-looking, while UGG boots, slipper-style shoes, athletic shoes, or worn and unprofessional footwear are prohibited. Hair and makeup must be styled appropriately for a professional in the fashion and beauty industry, and students must arrive fully groomed before class begins. Jewelry should be minimal and must not interfere with salon work, while school aprons and name tags must be worn at all times.

Failure to comply with the dress code policy will result in the student being sent home until they return in proper attire. Academy for Salon Professionals maintains these standards to help students develop a professional image aligned with industry expectations.

Student Work Ethic, Physical Demands & Safety Requirements

Academy for Salon Professionals fosters a learning environment that mirrors real-world salon and spa settings. Students are expected to approach their training with dedication, professionalism, and enthusiasm by actively participating in theory and practical lessons, taking initiative in learning, and demonstrating respectful client interactions and teamwork.

Given the physical demands of the industry, students must be prepared for long hours on their feet, repetitive hand and arm movements, and extended periods of standing, bending, and reaching. Proper posture and ergonomics are essential to prevent strain and injury. Additionally, students will be handling chemical products, heated styling tools, and skincare equipment, requiring strict adherence to safety protocols.

Safety requirements are introduced during Orientation and reinforced throughout the program. Students must follow guidelines for the safe storage and use of chemicals, wear protective gloves when applying chemicals, use eye protection when operating electrical equipment for nails or skincare, and maintain a clean, hazard-free workstation. To prevent slips and falls, rubber-soled shoes are required, and hair must be swept from the floor immediately after a service.

By committing to professionalism, proper safety practices, and the physical demands of the profession, students develop the essential habits and skills needed for long-term success in the beauty industry.

Drug and Alcohol Policy

Academy for Salon Professionals, located at 19520 Nordhoff Street, Northridge, CA 91324, is committed to maintaining a drug-free and alcohol-free learning environment in compliance with the Drug-Free Schools and Communities Act (DFSCA) and U.S. Department of Education (DOE) regulations. The possession, distribution, manufacture, sale, or use of drugs, controlled substances, or alcohol is strictly prohibited on school premises, during school-sponsored activities, or while representing Academy in any capacity.

Students and employees may not use, possess, distribute, or be under the influence of alcohol, illegal drugs, or controlled substances while on school property or attending Academy-related events. Misuse or abuse of prescription or over-the-counter medications that impair performance or judgment is also prohibited, along with the possession or distribution of drug paraphernalia

or the sale and trafficking of illegal substances. Violations of this policy will result in immediate disciplinary action, which may include a written warning, suspension, termination, expulsion, or referral to law enforcement.

Legal sanctions for drug and alcohol violations under local, state, and federal laws may include fines, probation, imprisonment, and loss of federal financial aid eligibility. Criminal prosecution under federal and California law may result in severe penalties for possession, distribution, or use of illegal substances. Academy will fully cooperate with law enforcement in any investigation of drug- or alcohol-related activities.

The use of drugs and alcohol poses serious health risks, including physical and psychological dependence, impaired judgment and motor skills, increased risk of injury and accidents, long-term health complications, and negative impacts on academic and professional performance.

Students and employees struggling with substance abuse are encouraged to seek help from available resources, including the Substance Abuse and Mental Health Services Administration (SAMHSA) at 1-800-662-HELP (4357), the Los Angeles County Department of Public Health Substance Abuse Prevention and Control at (844) 804-7500, Alcoholics Anonymous – San Fernando Valley at (818) 988-3001 (www.sfvaa.org), and Narcotics Anonymous – Greater Los Angeles Region at (800) 863-2962 (www.todayna.org).

Acknowledgment and Compliance

- All students and employees must review and acknowledge this policy as a condition of enrollment or employment. Failure to comply will result in disciplinary action. Compliance Disclosure will be at Orientation on the first day of school.
- Academy for Salon Professionals is committed to fostering a safe, healthy, and professional learning environment free from the harmful effects of drug and alcohol abuse.

Licensing & Regulatory Information

Academy for Salon Professionals adheres to the regulations set forth by the California Board of Barbering and Cosmetology (BBC) to ensure students receive the necessary education and training to meet licensing requirements and industry standards. All students must comply with the Board's eligibility criteria, health and safety guidelines, and infection control and sanitation regulations to qualify for licensure and professional practice.

To obtain a Cosmetology or Esthetics license in California, applicants must be at least 17 years old, have completed the 10th grade or its equivalent, successfully complete training at a Board-approved institution or through an approved apprenticeship program, and pass the written licensing examination administered by the California Board of Barbering and Cosmetology.

Reciprocity allows licensed cosmetologists and estheticians to transfer their license between states, but requirements vary. California requires 1,200 hours for cosmetologists and 600 hours for estheticians, which may differ from other states' standards. Those moving to California may need additional training or to pass the State Board exam if their prior training hours are insufficient.

Some states offer expanded esthetician services, such as laser treatments, which fall outside California's licensing scope. Professionals transferring out of California should check their new state's board for specific requirements. For updated reciprocity details, visit the California Board of Barbering and Cosmetology at www.barbercosmo.ca.gov.

State Requirements

- Cosmetology License - Requires 1,000 / 1200 training hours in a Board-approved cosmetology program. Training includes hair styling, cutting, coloring, chemical treatments, skin care, and nail care.
- Esthetics License - Requires 600 training hours in a Board-approved esthetics program, focusing on skincare treatments, facials, waxing, makeup application, and related services.

For more information, students should visit the California Board of Barbering and Cosmetology's official website at www.barbercosmo.ca.gov.

Emergency Preparedness

The Academy for Salon Professionals has an Emergency Evacuation Plan to ensure the safety of all students and employees in the event of a significant emergency or dangerous situation. Emergency procedures are reviewed periodically, and drills are conducted periodically during school hours.

Mandatory student orientation (documented for compliance)

If an immediate threat to the health and safety of students or employees arises on school premises, a verbal notification will be made by the director or an appointed staff member to all students and staff on campus. For those not present at the time of the emergency, a notification will be sent via:

- Text message
- Email
- The notification will include all relevant details regarding the emergency. All emergencies will be logged and documented for compliance and review.
- Assist elderly individuals, handicapped persons, and children to safety
- Leave all personal belongings behind
- Do not attempt to put out a fire or intervene in an emergency—exit immediately

Evacuation Procedures

In case of an emergency requiring evacuation, all students, staff, and customers must remain calm and exit the building promptly through the nearest safe exit, either the front door or the back door located in the student break room. Once outside, students will remain with their clients in the designated assembly area. Instructors will take roll to ensure all individuals are accounted for and will provide further instructions once it is safe to proceed. Do not re-enter the building until directed by emergency personnel or school officials.
