AREAS SERVED

Metro Denver and surrounding area

YEAR FOUNDED

2019

PROJECT OUR TOWN

About Us

PROJECT OUR TOWN was founded by an extraordinary group of people determined to start a movement making volunteerism and caring for those in need an integral and ongoing part of the culture of our community.

We quickly learned that people DO want to help, they just don't always know how, where, or when...This is our sweet spot. We meet people where they are, offer easy, fun, meaningful volunteer opportunities that make a real impact and, hopefully, get people hooked!

It is said that the true measure of a society can be found in how it treats its weakest members. This is our barometer. We strive to impact and empower people to join, not only in the work but also to share in the joy.

Our Goals

PROJECT OUR TOWN provides meaningful volunteer opportunities for companies and individuals that make a difference for those in need. Whether someone's heart lies with children, food insecurity, those affected by poverty, the elderly, the military, animals (or so much more), our mission is to offer easy ways to make a meaningful impact through volunteering.

We are relentless in the pursuit of igniting a passion to contribute to our great community.

Our History

PROJECT OUR TOWN was born from the belief in the responsibility we have to one another. We started with a single volunteer event designed to inspire people to get involved in the community. TODAY, we provide meaningful projects year-round for 1000+ volunteers eager and willing to give. We've become a concierge to companies looking for team-building projects that serve the community. TOMORROW, and in the years to come, our plan is to expand our impact to include more corporations, schools, organizations, neighborhoods, and recipient non-profit partners.

Our Services

WE MAKE VOLUNTEERING EASY!

- We plan and facilitate impactful opportunities that help businesses meet their team-building and community outreach goals.
- We find the needs in our community and offer the best possible volunteer experiences.

- We educate volunteers about the challenges people in our community are facing, and create meaningful relationships between our organization, volunteers, company partners, and non-profit organizations doing critical work in our community.

Our Impact on the Community

Over 50 Denver Metro Area-based non-profits benefit from the thousands of hours our volunteers give.

In 2023, we will provide:

- Over 500,000 servings of bean soup to those facing food insecurity in the Denver community.
- 1000's of care packages for deployed military, newborns, the elderly, low-income families, and more.
- School Supplies to 1,200+ students in Colorado Treatment Facility Schools and Adams County School District 14.

100% of the supply costs are funded by generous donations from our corporate, community, and individual donors. We are entirely volunteer run, so every donation goes directly to support our work.

Volunteer Opportunities

Warm Your ♥ Bean Soup Project: We organize corporate team building events throughout the year to assemble bean soup kits that are donated to people facing food insecurity in our community.
Annual 4-Day Weekend of Action: Every November, approximately 1000 volunteers come together to help multiple causes and 50+ non-profit organizations.

Ongoing Volunteer Opportunities: We offer a variety of volunteer opportunities throughout the year.

Drives: We host annual drives for School Supplies, Diapers, Toiletries, and other needs as they arise.

Our Upcoming Fundraisers

- Corporate Projects** - Year-round. Company site. Team building projects.
- Warm Your ♥ Bean Soup Project** - Year-round. On and off-site. Our cornerstone program empowers volunteers to take part in alleviating food insecurity.
- Weekend of Action Sponsorship** - November. Denver Metro Area. Underwrite the cost of projects and opportunities for team events.
