

## ***BLG GARNERS ANOTHER MULTIMILLION DOLLAR RESULT!***

### **BREAKING NEWS!**

#### **BLG SECURES \$3.4M SETTLEMENT IN DALLAS/FORT WORTH, TEXAS!**

When we took this case, my colleagues, both in Atlanta and Dallas told me it was a case we couldn't win, and I understood why they felt that way. The Police Report stated that our decedent, a motorcyclist, was speeding and driving erratically before colliding with an 18-Wheeler. In addition, he had not yet received his motorcycle license.

Our client, a 30-year-old mother of two said she didn't believe her husband was speeding and asked us to help her. I looked at her two minor children and instantly said I believed her. Everyone thought I was crazy!

We spent over \$100,000.00 in securing experts, including accident reconstructionists, economists, safety experts, etc. The collision occurred in Tarrant County, one of Texas's most conservative counties. We moved it to Mount Vernon, County (a little better). We proved that the Police Report was inaccurate (our decedent was not speeding or driving erratically); we proved that the truck driver's logs were fraudulent and that he should not have been operating his truck; and we proved that our decedent had successfully completed his motorcycle classes, but had not received his license.

The case everyone thought we were crazy to take and work six days a week on was now a good case. We rarely make promises to clients, but I promised this young mother of two that we would make sure her children would be educated and taken care of the way their father wanted. We kept that promise!
