Infinity Playgrounds

Forever Building Imaginations Through Play

Pages 1-3
for Trike
Paths and
accessories

Infinity Playground Equipment is the premier provider of durable playground equipment. The owners have been in this industry for 52 years combined. One owner designing, building and installing playground equipment for 36 years. The other owner has 16 years in the sales and marketing end of the industry and customer service. We are a growing company and have recently moved to a new location to expand our production and warehousing capabilities. Many of our products will ship the next day they are ordered, bigger items 2 to 4 weeks. It is our goal to build high quality, safe playground equipment for the children because at the end of the day that is what it is all about – ensuring that children are having fun and having it safely.

We will strive to have the best customer service possible and do our best to always have 100% customer satisfaction. We will build the highest quality toys at the best price possible to make the toys affordable for all consumers. We will always look to improve our equipment and develop new designs to bring into the Playground Industry.

All our equipment is built of heavy gauge steel — commercial grade and built using ASTM and CPSC Guidelines. All materials are manufactured in the United States. You will not have the worry of inferior steel or lead paint associated with imported toys or materials. A lot of the toys will have imaginary theme panels built out of HDPE Plastic which is high density polyethylene plastic. It is very durable, Fade Resistant, UV Resistant, and Scratch Resistant. All plastic lumber on Infinity Playgrounds equipment is GreenCircle Certified® Tangent Poly-Tuf™ Post-Consumer Recycled Plastic Lumber. We do all this to make the toys as low maintenance as possible because who wants to replace worn items on toys all the time.

The most important thing we hope to do is to let children's imaginations soar to new levels through play. Let their social skills be built by interacting with all their friends and help them get stronger as their motor skills are being refined and strengthened.

**"Forever Building Imaginations
Through Play"**

Infinity Playgrounds Warranty

Warranties are limited to repair or replacement of defective parts. A repaired or replacement part is covered only for the original warranty period. All warranties start on the delivery date of the equipment. Lifetime warranties are non-transferable and apply only to the end user who purchased the playground equipment. A copy of the invoice, written statement and supporting photographs must be sent. Does not cover vandalism or misuse of the playground equipment.

5-year warranty on hardware against structural failure to deterioration, corrosion and workmanship

10-year warranty on post caps and clamps against structural failure to deterioration, corrosion and workmanship

10-year warranty on rails, loops, rigged climbers and decks against structural failure to deterioration, corrosion and workmanship

3-year warranty on all HDPE plastic against structural failure to deterioration, corrosion and workmanship

3-year warranty on all rotational molded plastic components against structural failure to deterioration, corrosion and workmanship

3-year warranty on all blow molded plastics, Trike Path plastic, moving parts and working parts against failure due to materials and workmanship

All equipment is built in the United States in North Alabama. All materials are manufactured in the United States. All playground equipment requires care and maintenance to keep your equipment in top condition for many years. We will help you with the maintenance by giving you information of how to keep it clean, tighten bolts so the life of your equipment is a long one. There is always a voice at the end of the phone to help you in any manner.

We make sure all playground equipment meets CPSC, ASTM, and ADA, we want to build you the best playgrounds and free-standing play events.

TRIKE PATH

The Trike Path helps keep trikes and riders safer, away from other playground traffic. Easy to set-up, change, and maintain the Trike Path instantly improves the playground experience. Build their imagination by varying the track and its accessories. Playhouses are also a Trike Path Accessory to build a city around your path. And you can grow your Trike Path over time by adding extra pieces and make it as large and elaborate as you can imagine.

Our Trike Path is ADA Compliant, it is 66" wide and has a 2" edges along the side so your play area can be ADA compliant.

Tricycles

These heavy duty tricycles are built to give years of service. Tricycles can be stored in the General Store and Gas-N-Go right next to the Trike Path.

IP-7040 Tricycle

DIMENSIONS: 32"L X 21"W X 24 1/4"H
SEAT HEIGHT: 12 1/2"
WEIGHT: 24 LB EACH

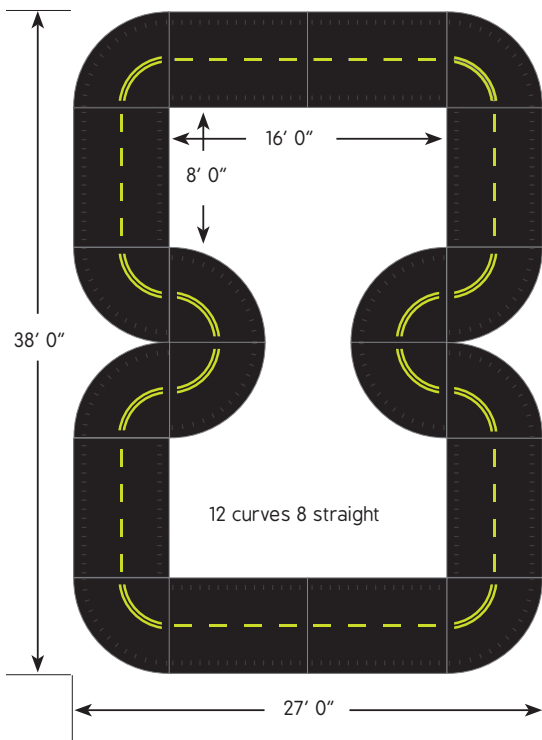

Gas Station

This gas station is a great addition to your Trike Path. Kids can enjoy a rest while "fueling up" their trikes before hitting the road.

IP-5043 Gas Station

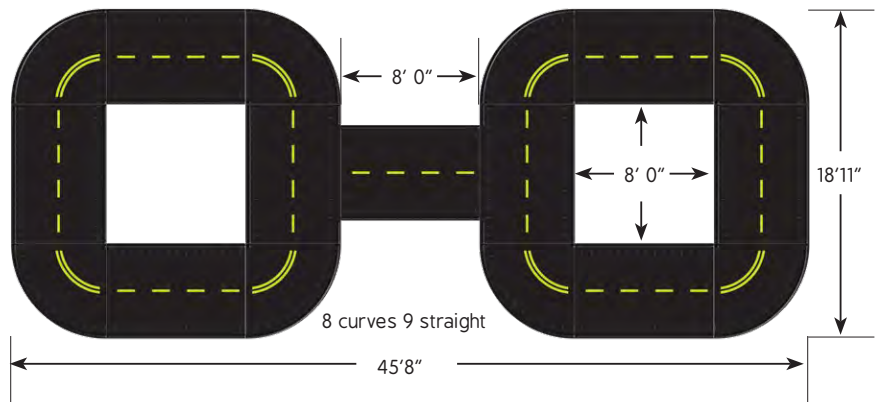

COLORS: blue & white, blue & yellow, or dark green & beige

DIMENSIONS: 5'4"L x 10"W x 7"H
WEIGHT: 110 LB

Formula One Road Course

IP-9076
SIZE: 27' X 38'
WEIGHT: 740 LB

Atlanta Crazy Eight

IP-9070
SIZE: 45' 8" X 18' 11" | WEIGHT: 492 LB

TRIKE PATH KITS

Accessories and stripe kits sold separately

Trike Paths do not include an entrance / exit section. An entrance / exit section can be included upon request at no additional cost. You can purchase extra pieces to create a custom larger trike path.

Trike Path Signs

IP-5020 Set of 6 signs

IP-5014 Single sign

DIMENSIONS: 12"L X 12"W X 3"H

WEIGHT: 12 LB EACH

SPECIFY: ONE WAY, NO PARKING, HANDICAP, YIELD, STOP, SPEED LIMIT

SPECIFY: PERMANENT (PERM) OR PORTABLE (PORT)

Trike Storage

This storage unit made of heavy gauge steel and HDPE plastic can help children learn to take care of toys, while teaching responsibility too. Also for security you can lock up those trikes so they do not come up missing.

IP-9152 Trike Storage – General Store

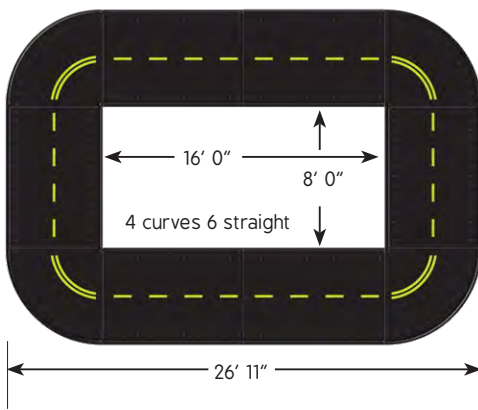

DIMENSIONS: 7'11"L x 3'9"W x 3'11"H WEIGHT: 475 LB

IP-9150 Trike Storage – Gas-N-Go

DIMENSIONS: 7'11"L x 3'9"W x 3'11"H WEIGHT: 475 LB

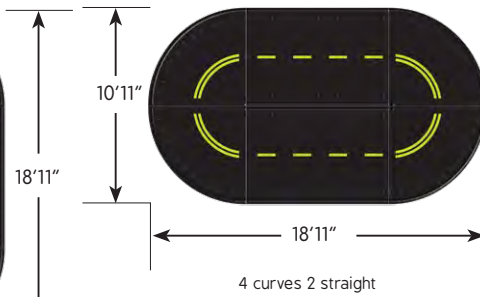

Bristol Oval

IP-9080

SIZE: 26'11" X 18'11"

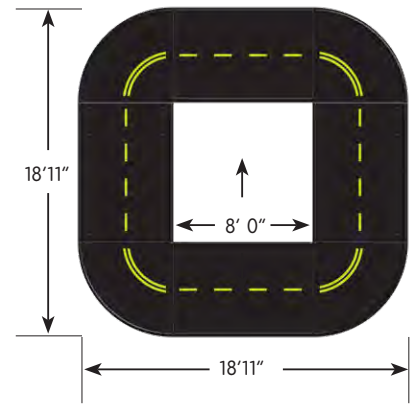

WEIGHT: 300 LB

Talladega Fast Track

IP-9085

SIZE: 10'11" X 18'11" | WEIGHT: 156 LB

Daytona Square

IP-9075

SIZE: 18'11" X 18'11" | WEIGHT: 228 LB

- Our Trike Path is ADA Compliant, it is 5' wide and has a 2" edge's along the side so your play area can meet the ADA Law.
- Our optional Stripe Kit uses D.O.T. marking material. Reflective. Permanent adhesion. Textured.

Infinity Playgrounds does not build or sell RC cars or components.

MULTI-PURPOSE TRIKE PATH

Trike Paths can also be used as RC car tracks for children or for more serious hobbyists. For racetrack-inspired Trike Path Kits call 844-764-6416 to order individual components to create a custom track.

INFINITY CYCLES

Infinity Cycle

The versatile Infinity Cycle is designed for both indoor and outdoor playgrounds. Since it needs limited space it is ideal for smaller, limited space areas. The Infinity Cycle is a great choice for strengthening muscles and improving motor skills. Installs permanently in place with the included ground stakes. The Infinity Cycle is designed for children ages 2-7.

USE ZONE: 17'4" DIAMETER
DIMENSIONS: 5'4"W X 2'2"H
WEIGHT: 198 LB

IP-5021 5-seat Infinity Cycle SEAT HEIGHT 17"

IP-5022 4-seat Infinity Cycle SEAT HEIGHT 17"

COLORS: red, blue, yellow, lime green, dark green
DOTS: red, blue, yellow, beige

Infinity Mini Cycle

The Infinity Mini Cycle is designed for children ages 18-36 months using their feet to push rather than pedal. Installs permanently in place with the included ground stakes.

USE ZONE: 16' DIAMETER
DIMENSIONS: 4' W X 2'8"H
WEIGHT: 155 LB

IP-5023 Infinity Mini Cycle

(no pedals for toddlers) SEAT HEIGHT 11"

COLORS: red, blue, yellow, lime green, dark green

ROLE PLAY

Add spaces where imaginations can take control. Let children build their own adventures in a colorfully-constructed playhouse. The playhouse includes a HDPE roof and HDPE plastic accents. The playhouse can give children some shade while on the playground. Add props to build upon the experiences or add them to the classroom to create a reading room. Playhouses are also a Trike Path Accessory to build a city around your path. And you can grow your Trike Path over time and make it as large and Elaborate as you can imagine. Use your imagination!

USE ZONE: 10'L X 10'W | DIMENSIONS: 4'L X 4'W X 5'3" | WEIGHT: 140 LB

Post Office Playhouse IP-7012

The Post Office Playhouse couples well with our
Mail Truck Spring Vehicle

POLY-COATED PLAYGROUND AMENITIES

All poly-coated furniture is completely coated with a thick layer of UV stable, mold-resistant plastisol and therefore protects the products from harsh environmental elements. Because there is no exposed metal, rust is never a problem.

- 20-year warranty.
- Easily clean with a power washer or hose using mild soap, then finish off with a bleach-free disinfectant.
- The diamond-shaped openings of the expanded metal surfaces won't hold water, therefore surfaces dry quickly after a rain.
- Legs are coated so moisture won't penetrate to the steel, so no rust that can weaken the steel.
