PLAY ToPIA™
Nurturing Creativity Through Innovative Play™

PLAYGROUND —

Design Guide

www.goplaytopia.com

Sustainable

A WORD THAT IS OFTEN USED

In manufacturing "sustainability" means making products that are designed not only for the current generation, but for future generations. Sustainability also protects the world we live in. We are making a commitment to sustainability by continually incorporating new ideas into creative, eco-friendly products.

At Playtopia, sustainability equals innovation. Manufacturing playgrounds comprised of reclaimed plastics ensures we are doing what we can to protect our environment. Feel confident when you purchase Playtopia products because you are contributing to the preservation of the environment as well.

Did you know...

in the last six years of operation, **Playtopia has recycled over 6,000,000 milk jugs** within their play equipment!

PLAYGROUND DESIGNS WITH YOU IN MIND

A good playground design always starts with a good idea. Playtopia's design team has over 60 years of playground design experience. No matter your budget or size, the Playtopia design team can maximize both your budget and your space to come up with a design that is guaranteed to fulfill your playground dreams. Starting with a sketch or an idea we will take your dreams and turn them into a reality. No job is too big or too small for the Playtopia playground design team! Reach out to us today to begin your playground journey!

YOUR IDEAS. YOUR DREAMS. YOUR REALITY.

DISCOVER THE PLAYTOPIA EXPERIENCE

metal features

Our deck platforms feature a non-slip wood grain texture to prevent slips & falls while your kids play!

hdpe panels

Our HDPE panels feature the largest selection of colors available. Check out page 65 for options!

deck platforms

Our deck platforms feature a non-slip wood grain texture to prevent slips & falls while your kids play!

roto molds

Our rotational molded products feature UV inhibitors to help prevent fading. **Thirty-two** color options are available!

solid supports

Sturdy **6x6** post supports ensures your playground will be around for many years to come!

Kids know that Playtopia playgrounds are **fun**!
You know that Playtopia playgrounds are **safe**!
Every products we manufacture meets or exceeds all playground industry standards, including **ASTM F1487, CPSC Guidelines for Public Playground Safety**, and all requirements for playground accessibility as required by the ADA and ASTM F1487 standards.

REDUCE REUSE RECYCLE PLAY

Take a brief moment to look around at the natural world we live in. It's breathtaking and awe-inspiring. We, as inhabitants of this beautiful place we call home, have a duty to take care of it.

While we can do small things to be environmentally conscious, purchasing a playground made from recycled materials is a **HUGE** way **EVERYONE** can contribute to helping the environment.

Consider this - on average, each Playtopia manufactured play structure contains nearly 25,000 recycled milk jugs (**or 150,000 plastic water bottles!**)!

At Playtopia, we are proud of the positive impact that every one of our playgrounds has on the environment.

DID YOU KNOW...

Over 75% of waste is recyclable, but we only recycle about 30% of it!

Green is the prime color of the world, and from that which its loveliness arises.

- Pedro Calderon de la Bara
