When Quality Matters

Who WE ARE

E.A. Quinn Landscape Contracting was founded in 1984 when Ed Quinn was a junior at Glastonbury High School.

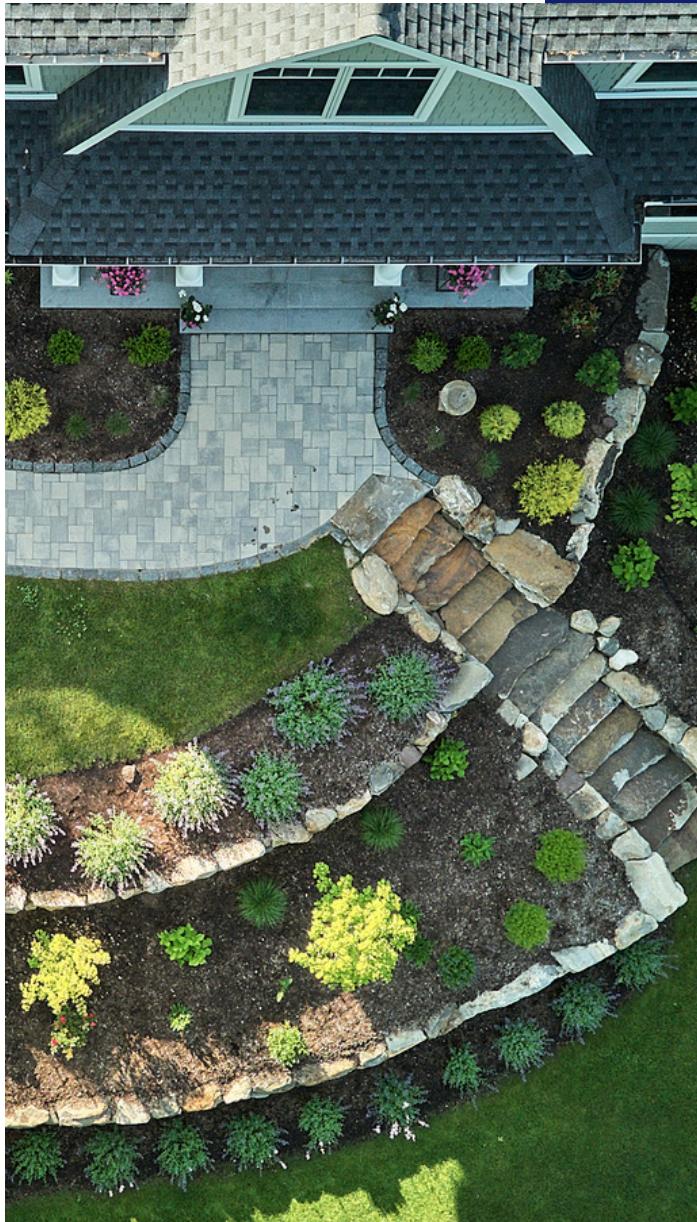

What began with a mower in the trunk of his Mustang quickly evolved as he discovered how much he valued supporting the local community and caring for the properties of his neighbors. A business was born—and more than 40 years later, it continues to grow, much like the landscapes the company designs and installs.

Although the scope of the company has grown, one principle has remained constant since day one: a commitment to quality. E.A. Quinn hires experienced professionals, invests in continuous training, and maintains a culture focused on improving and elevating every aspect of its work. Each project is approached with the goal of ensuring our clients' needs are met.

The company relies on high-quality materials, proven processes, and a dedication to delivering dependable results from start to finish. That's why so many refer to E.A. Quinn as the team to call

WALKWAY INSTALL & RESTORATION

"I worked with Tim Jewett to come up with a concept for one of my longtime residential landscape maintenance clients. I sketched something on a napkin and Tim brought the entire project to life with 3D technology. It was incredible to see how he weaved in the logistics of topography and features the client requested based on this cursory sketch I had given him. We are **making a difference in people's lives** and I am so appreciative of Tim's help on this."

POOLSCAPE & PATIO

"We are very pleased with the new pool patio that E.A. Quinn installed this spring. The quality of workmanship is excellent. The work was done on time with the E.A. Quinn employees arriving each day as scheduled and leaving the work area neat every night before leaving. The employees were knowledgeable and professional. They checked the entire surface meticulously upon completion of the project. We would highly recommend E.A. Quinn to anyone looking for their project to be done to the **highest standards.**"

Jacqueline

"Tim and Derrick, Your crew just finished the project here today! I just want to send a note to let you know how wonderful they were. This was a very big project for me and a bit overwhelming at times but your crews were wonderful throughout the project. I am so **very pleased with the outcome.** I hope you both get an opportunity to come back here and see the incredible work of your crew and the success of your design! You are welcome to do so any time!"

OUTDOOR KITCHEN

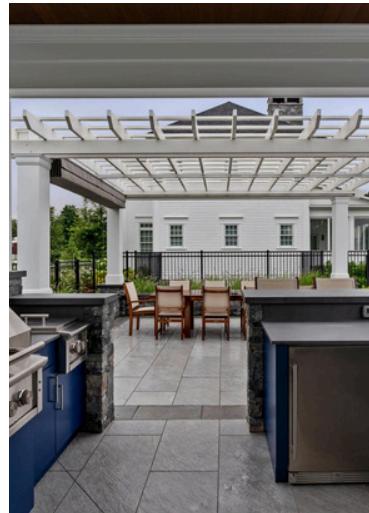

PAVER DRIVEWAY

This woodland sanctuary is a thoughtfully designed entrance and garden landscape featuring a paver driveway, illuminated stone pillars, and tiered boulder walls that blend refined craftsmanship with the natural beauty of the surrounding forest—creating a welcoming, personal expression of the clients' dream home.

POOLSCAPE & PATIO

AWARD WINNING PROJECT

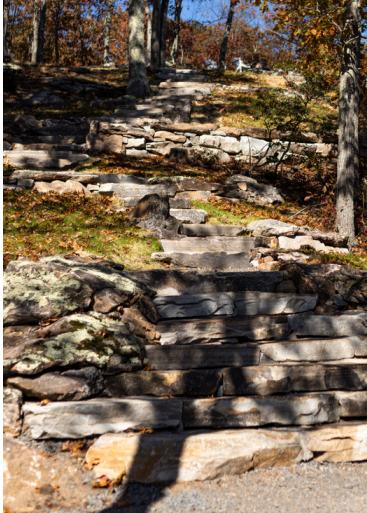

This estate features expertly crafted outdoor spaces that balance timeless elegance with functional design. A cobble-edge driveway with hand-laid cobblestone aprons creates a refined arrival, while expansive porcelain patios surround the pool, setting the stage for elevated outdoor living.

A custom outdoor kitchen and dual fire features anchor the space, as seamless transitions between the main house, pool, and pool house creating a landscape designed for effortless entertaining and everyday enjoyment

HOBi AWARD, 2025

PATIO & WALKWAY

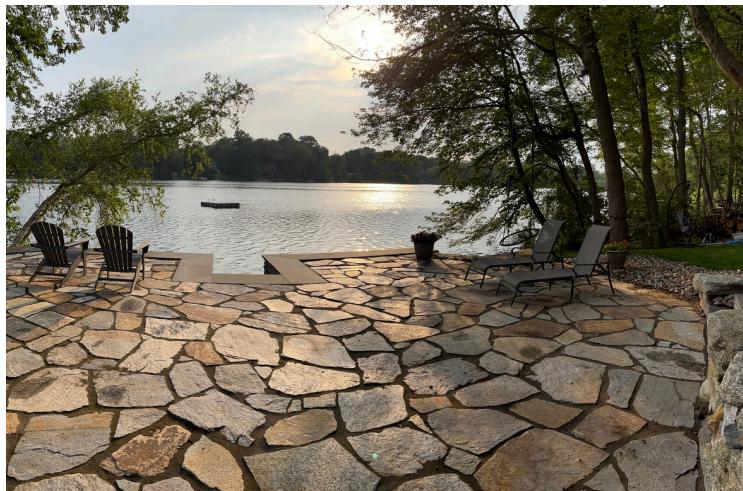

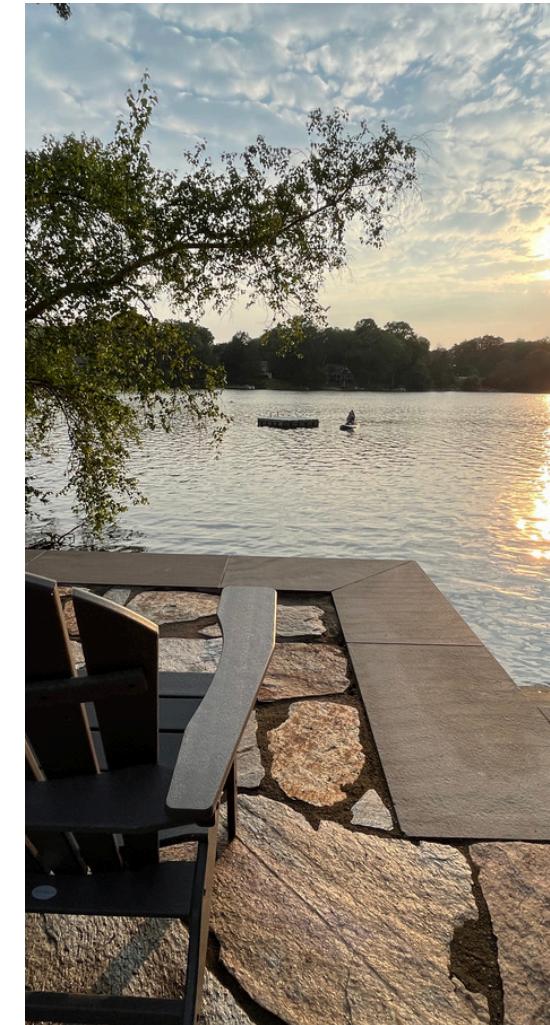

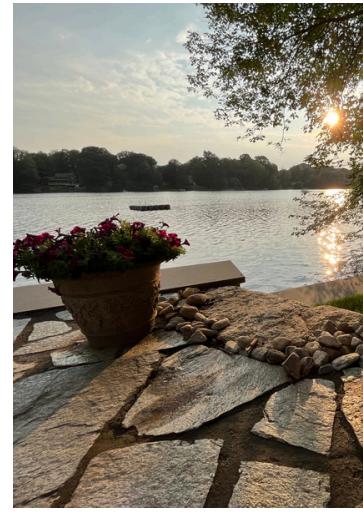

A winding natural stone staircase gently follows the land, guiding visitors from the home site down to the lake's edge. Built from mountain stone flats, the steps blend seamlessly into the wooded landscape, embracing the property's natural grade and character.

At the water, a handcrafted stone patio and fireplace create a warm, inviting gathering space for family and friends. A low retaining wall subtly manage elevation changes while preserving open views of the lake, resulting in a rustic retreat designed to feel timeless, grounded, and connected to its surroundings.

WATERFRONT LIVING

through the landscape, creating a graceful and composed transition. At the shoreline, a granite flagstone patio with a fire pit and sculpted granite steps into the lake provide both a gathering space and effortless access for swimming and water activities.

YELLOWSTONE INSPIRED DESIGN

AWARD WINNING PROJECT

Inspired by the rugged beauty of Yellowstone National Park, this outdoor living space captures the essence of the clients' favorite destination.

Set between a peaceful lake and a dramatic natural backdrop, the design features a bold fire pit surrounded by boulder walls, creating an intimate gathering space. An expansive flagstone patio provides room for dining and entertaining, with natural materials that echo the textures of the surrounding landscape.

POOLSCAPE

the open lawn and private guest house, each zone flows effortlessly into the next. was reimagined to create a seamless, luxurious space for living and entertaining. Modern finishes, lush landscaping, and carefully chosen furnishings combine to deliver a resort-style atmosphere perfect for everything from quiet mornings to lively gatherings.

POOLSCAPE

around an elegant lap pool. Designed for both beauty and function, the streamlined pool is framed by a striking flagstone patio. The patio's irregular shapes add visual interest while accentuating the pool's elongated form, resulting in a fresh, timeless outdoor retreat.

Don't let the simplicity of this design fool you. This backyard transformation began with the removal of an aging freeform pool and the creation of a refined, modern space centered

POOLSCAPE & PATIO

Designed with family and entertaining at its heart, this outdoor living space brings people together year-round. A custom pavilion houses a fireplace, kitchen, and dining area, creating a comfortable gathering place in every season.

Beyond the pavilion, a spacious pool patio offers ample room for children's activities, an additional fire pit, and relaxed entertaining—making this landscape as inviting for everyday family life as it is for hosting friends.
