

Shape the future
with confidence

EY Empowerment for Black British Entrepreneurs (EYEBBE)

■ ■ ■
The better the question. The better the answer. The better the world works.

This three-month programme begins on November 2025 and through this opportunity you will have access to:

- **Learning sessions:** including an introduction to the EY 7 Drivers of Growth framework, and upskilling sessions that explore how to effectively scale your business.
- **Networking:** opportunities to connect and collaborate.
- **Mentorship:** a two-month programme (beginning December 2025) with EY Professionals as mentors.
- **Other tools and resources:** designed to support entrepreneurs as they look to scale.

Open to
20
individuals.

Criteria for applying:

1. You must be running a growing SME business that has been trading at least 12 months and turning over between £50,000 and £750,000 in annual income/revenue.
2. The business must have clear intent to become financially sustainable within five years and ability to demonstrate clear financial strategies/targets and existing/future revenue streams.
3. The business must be driving progress towards one or more of the Sustainable Development Goals (SDGs) – by positively impacting customers, suppliers, employees and/or the environment through their business model or Inclusive enterprises driving progress toward UN SDG 5, 8 or 10 specifically by role modelling inclusive business practices and creating good jobs for underserved communities in areas of low employment.
