This past church year, including this summer, our church has worked to focus on children and young people. We plan to continue that focus this coming year. So, as we are on the brink of another church year, I thought it would be good to feature Bible readings dealing with children and families. The Old Testament tends to talk about children and families in a literal way, but the New Testament tends to talk about all believers as God's children. Therefore, the Bible teaches the church must emphasize ministry to ALL God's children - little kids to adults. You have good reading ahead of you.
