

Current Events and Ideologies that are moving against the church and our nation's Judeo-Christian foundations:

The enemy's use of words including titles, labels and assignments to try to stigmatize the church as out of touch, non-inclusive and unloving is a demonic attack perpetuated by radical liberalism which is controlling the majority of the media: news, social media and entertainment.

- Judeo-Christian values are being labeled as Christian-Nationalism particularly to restrain the church from standing with Israel.
- Liberalism's push on DEI, abortion, gender-fluidity, LGBTQ(etc) agenda in schools (focused on our children) along with entertainment and social media use the terms homophobic in order to accuse the church of being fearful (phobic) of "progress" and inclusivity by not "loving people where they are", all in order to restrain the church and conservatism from standing firm on biblical definitions and the righteousness of God.
- The failed system of socialism is off and running in America. There are over 250 elected officials in the US today who are affiliated or endorsed by the Democratic Socialist of America. Opposition to socialism attaches labels such as "traditionalist" and "elitism" and phraseology such as "those against the working class" are assigned to anyone opposed to socialism.
- The overt and covert threats of **Islam** which in many forums have openly stated their religious and ideological duty to eradicate the USA and Israel from existence are mounting an organized and intentional movement here in America and closer to home in Texas as a primary target of Islamic groups. Their label to anyone opposed of their agenda is to be called **Islamophobic**.

Islamic and democrat-liberalism's positions are in direct opposition to each other's ideology such as; beliefs on homosexuality and feminism however they are joining forces together along with socialists in order to advance each other's agenda by taking the "enemy of my enemy is my friend" approach within the Democrat party. Islamic and Socialists political leaders have experienced a great deal of success getting a strong foothold in the democrat party. Their narrative is that they are an inclusive party under a "Big Tent" of ideas.

The only reason why the Islamists are joining with and being tolerant of liberalism is because the liberally established Democrat party is tolerant of them and if Democrats take further control, then Islam can accelerate their agenda here in the US. -Ps. Al
