What does a dog need to do for the Story Dogs program?

Each week the dog and handler visit a school for approx. 2 hours. For the dog the visit will, in most cases involve, a car ride, walking into the school and possibly upstairs, being patted by many people, hearing loud noises such as bells or music and laying on a rug beside a child who may be patting them for approx. 20mins. The dog and handler will see approximately five children one-on-one each week.
