At Resilience, we are more than a cybersecurity provider - we are a trusted partner. We help organisations protect against evolving cyber threats while building long-term digital resilience.

New Role in Resilience by Eco

Resilience by Eco are delighted to announce the appointment of Melanie.

Mel, who has worked for the Eco Group since 2021, has just returned from maternity leave, and is now heading up our customer service department.

Mel brings with her years of experience and is already proving a hit with her team and clients.

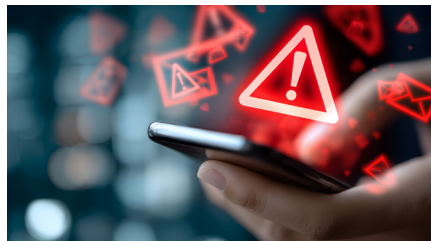

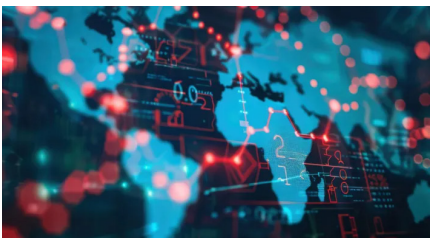

UK Business Leaders have ranked cyber breaches as a top risk for 2026

Nearly half of UK business leaders rank cyber breaches as their primary concern, yet many remain unprepared and exposed.

Strengthening cybersecurity and implementing robust strategies is essential to mitigate these risks.

Do you know your role in a cyber attack?

Your business relies on every employee to act swiftly during a cyber incident.

Here's your game plan:

- **Report immediately**
- **Don't shut down systems**
- **Disconnect from the network**
- **Foster a no-blame culture**

Together, we build resilience!

Prepare your team for cyber threats

Resilience by Eco is providing an exclusive discount for anyone enrolling in Cyber Training before the 28th February 2026! As cyber attacks rise, it's crucial to equip your staff with the knowledge to recognise vulnerabilities and protect sensitive information.

Join us to learn essential strategies for maintaining a safe and secure digital environment!

QUICK TIP OF THE MONTH

Your employees are your first line of defence. Every team member plays a vital role in responding quickly and protecting your business.
