# Summer DRINKS

When the sun comes out, people don't just eat differently - they drink differently. For foodservice operators, chilled bottled soft drinks and smoothies aren't just add-ons; they're high-margin, high-impulse summer heroes. Here's how to lean into that, with a few tasty insights and hard facts folded in.

### Why Bottled Works

- Ready-to-drink = fast service, no prep
- Ideal for grab-and-go and outdoor dining
- Strong visual appeal encourages impulse buys

### Smoothies = Premium + Healthy

- Growing category (+5% value growth in UK)
- Seen as "healthy indulgence"
- Support higher price points and menu pairings
- Love Struck: Smoothies ready in seconds, just add your choice of liquid and blend
