How It Works: Club vs Club

Beach Box competes in **Club vs Club duals** — a true team-vs-team format run by the BVCA. Your club sends its pairs to face another club head-to-head, with our coaches setting the lineup exactly the way college beach programs do.

The Dual Format

Three pairs from Beach Box (2 athletes per pair) play three pairs from the opposing club. Each pair plays its match — **win 2 of the 3 pair matches and Beach Box wins the dual.**

Club Division vs. Open Division

Club Division

3 pairs per dual (win 2 of 3 to take the dual).

Open Division

To compete in Open — the top division — a club must field **5 pairs** per dual.

Coaches pick the lineups — just like college.

Beach Box coaches determine every **partnership** and set the **dual lineup** for each event: which athletes are paired together, and which pairs play. Athletes do not choose their own partners. This mirrors exactly how college beach volleyball operates, and it teaches players to compete and adapt the way college coaches expect.

Why This Is the #1 Path to College

- **BVCA Club vs Club events are the beach equivalent of indoor National Qualifiers** — but with direct collegiate exposure built in.
- College beach programs recruit **pairs** and scout these duals. This head-to-head, coach-set format is the **#1 way for athletes to get recruited** to play in college.
- Playing in the same team-vs-team structure college coaches use — with coach-assigned partners and lineups — prepares athletes for exactly what recruiting and college competition look like.
