

TBPG

VEHICLE LOCATOR SERVICE

YOUR TRUSTED PARTNER IN VEHICLE ACQUISITION

TBPG Vehicle Locator Service is excited to extend a partnership opportunity aimed at enhancing your business by providing high-quality vehicles to the American market.

We leverage our extensive network and expertise to source automotive inventory that is affordably priced and meets rigorous quality standards.

OUR CUSTOMER MODEL

As a valued customer, we will leverage our extensive network and expertise to locate specific vehicles that you wish to acquire. Our goal is to facilitate your access to vehicles that will help maximize your budget while ensuring your satisfaction.

HOW THE PROCESS WORKS

1

VEHICLE SELECTION

You will provide us with a list of vehicles you are interested in purchasing. Our team will diligently search for these models, focusing on quality and cost-effectiveness.

2

REFUNDABLE DEPOSIT

Once we secure a vehicle that meets your requirements, you will be required to place a refundable deposit. This deposit not only secures the vehicle for you but also assures our commitment.

3

DELIVERY

After the deposit is received, we will arrange for the vehicle to be delivered directly to your location. We handle all logistics to ensure a smooth transaction.

4

INSPECTION PERIOD

Upon receipt of the vehicle, you will then pay the remaining balance to TBPG Vehicle Locator Service. Following this payment, we will provide you with the vehicle's status within 10 business days.
