INTRODUCING THE ALL NEW WECONNECT

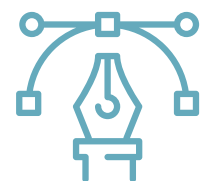

Your new superpower
to create a unique,
informative, and
beautiful parish
website — in minutes.

DRAG

DROP

AND EDIT IN SECONDS

YOUR PARISH WEBSITE MATTERS. IT'S AN EXTENSION OF YOUR CULTURE — WHAT MESSAGE IS IT PRESENTING?

WeConnect and the team at LPi take the guesswork and headaches out of building and maintaining an exceptional parish website.

MADE FOR PARISHES

WeConnect is led, designed, and continually improved by Catholic communication experts for parishes.

SIMPLE

WeConnect is designed for anyone on your team to master digital communication — and it even includes advanced features like code editing to make your most advanced users happy.

POWERFUL

Every page is drag-and-drop, every text area can be instantly changed, your parish brand can be added quickly, and every package includes unlimited everything — no more limits!

UNIQUE

No two websites will look the same on WeConnect — and new content is added regularly to help you drag-and-drop pre-designed content for events, liturgical seasons, and more.

FLEXIBLE

Start with a theme or let us build you a custom website, all in days instead of months. Our designers are standing by!

SUPPORT

We've been helping parishes communicate in print and digital for 50 years, and our support team is just a phone call away to help you tackle any challenge.
