

A full-page background image of a sunset over a river. The sun is low on the horizon, partially obscured by dark, silhouetted clouds. Bright rays of golden light emanate from behind the clouds, filling the sky with a warm, orange glow. The river in the foreground reflects the vibrant colors of the sunset. The banks of the river are lined with dark, silhouetted trees and foliage. The overall mood is peaceful and contemplative.

IMPRESSIONS

Even the most beautiful days eventually have their sunsets.
It's how we choose to recall those days that make memories last.

Choosing a Final Resting Place

Cremation allows families to choose a range of alternatives to remember the life of a loved one forever.

There are three steps in Selecting a Cremation Urn:

- 1. Choosing A Final Resting Place*
- 2. Creating a Memorial*
- 3. Personalization*

Choosing a Final Resting Place is the first step in selecting a cremation urn. This choice will allow your family to appropriately pay tribute to your loved one and create a lasting impression in a meaningful place.

Four highly respectful choices are available:

Niche

(a mausoleum or in a place of worship)

Burial

(within a cemetery plot)

Scattering

(at a meaningful location)

Home

(kept close to the heart)

Niche

Create a lasting impression to reflect on and remember.

Niches are a perfect choice to create a lasting impression for loved ones to visit as they please. They are usually located in mausoleums and cemeteries and can be placed out of sight or behind glass.

Full color. Full surface. Unlimited design possibilities.

Impressions Imaging is a full color heat transfer graphic image process. It allows for complete creative freedom and unlimited possibilities for personalizing an urn. Have the freedom to honor your loved one as they should be remembered.

This process can be applied to any urn with a flat surface. With photographic and graphics you provide, our graphic design team can help you come up with the perfect memorialization of your loved one. Or, choose from one of our six templates to use.

Add that personal touch with portrait photographic, other graphics/images, or a sentimental phrase.

Personalization Options

When selecting an urn, also consider how you would like your selection personalized. There are a variety of options to choose from.

Engraving: name, dates, and line art imagery etched into the material of the urn.

Impressions Imaging: heat transferred lettering and imagery onto a metal substrate. Choose from **Gold** or **Silver** with black text and imagery, or **Full-Color** imagery using digital images you provide us.

Urn Pendants

For urns that cannot be engraved directly due to either the shape or material, we offer urn pendants with engravable space on the front for personalization that can be hung around an urn with the provided ribbon.

Personalization Options: Engraving

Add a special touch to a cherished memento by adding name, dates, a saying or poem, as well as line art imagery.

This symbol indicates an urn which can be engraved. Depending on the material of the urn, engraving uses a laser or a hard tip to etch a design into the surface of an urn.

The colour of the fill we use in the engraving depends on the material as well as the colour of the urn.

Engraving shown on the **#500 Bronze Chest Insert** featuring name and years in Barber font, and standard lineart image of a hummingbird (IC229).

Engraving shown on the **#903 Tiger Eye Marble** with name and years in Jonathan font.

The **#545 Grecian Bronze** urn with name and years in Williams font, and standard lineart image of hearts (IC222).

Engraving shown on the **#3526 Embassy Oak** with name and full dates in Matthews font.

Personalization Options: *Impressions Imaging*

The symbol above indicates an urn which can be personalized with Eckels' *Impressions Imaging* personalization plaques. *Impressions Imaging* can be done on any urn with a flat, uncurved surface.

Using a heat-transfer process, we can apply lettering and detailing imagery in black on a **Gold** or **Silver** plaque, or we can create a customized **Full-Color** plaque with digital images you provide us, or select from one of our template images to use as a background (shown to the right).

Final Resting Place

Cremation allows families to choose a range of alternatives to remember the life of a loved one forever.

There are three steps in Selecting a Cremation Urn:

- 1. Choosing A Final Resting Place*
- 2. Creating a Memorial*
- 3. Personalization*

Choosing a Final Resting Place is the first step in selecting a cremation urn. This choice will allow your family to appropriately pay tribute to your loved one and create a lasting impression in a meaningful place.

Four highly respectful choices are available:

Niche

(a mausoleum or in a place of worship)

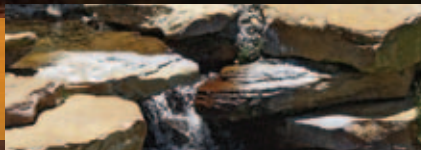

Burial

(within a cemetery plot)

Scattering

(at a meaningful location)

Home

(kept close to the heart)
