

Stalwart Safety

ANSI Cut Level A4 Dexterity Knit Polyurethane Coated Metacarpal Protection Glove

Application

Transportation Services, Construction, Mining, Metal Fabrication, Mechanical, Forestry, Agriculture, Pipeline and many other material handling applications requiring cut resistance and metacarpal protection.

Description

- HPPE-Stainless Steel composite yarn provides high level of cut and abrasion resistance
- Seamless dexterity knit construction fully protects hands while maintaining comfort
- Polyurethane coating keeps dexterity high while maintaining grip and flexibility
- Metacarpal Protection on back of hand provides impact protection, while thumb reinforcement increases longevity of high wear areas
- Touchscreen capabilities

Product Code: A4DPM

Technical Data

- ANSI Cut Level: A4
- ASTM F2992-15: 1868g
- EN388 Abrasion: 4
- EN388 Cut: 5
- EN388 Tear: 4
- EN388 Puncture: 3
- ANSI Level 2 Impact

Construction

- Shell: Dexterity Knit HPPE-Stainless Steel
- Coating: Polyurethane, thermo-plastic rubber back of hand, PVC thumb web
- Wrist: Integrated knit wrist, Velcro closure
- Thumb: Ambidextrous, right/left formed

Care Guidelines

Laundry in warm water (40°C/104°F) using mild detergent, tumble dry at low temperature (60°C/140°F).

Packaging

- 12 pair/polybag
- 72 pair/carton
