

Stalwart Safety

ANSI Cut Level A4 Dexterity Knit Polyurethane Coated Glove with Touchscreen Compatibility

Application

Construction, metal fabrication & stamping, HVAC, recycling, aerospace/automotive manufacturing, pulp & paper, packaging and many other material handling applications requiring high cut resistance and dexterity.

Description

- Composite yarn provides high cut and abrasion levels
- Thin seamless knit fully protects hands while maintaining comfort and high dexterity
- Black Polyurethane coating provides good grip and high dexterity
- Open breathable knit back of hand provides additional comfort.
- Touchscreen compatibility

Product Code: A4PUT

Technical Data

- ANSI Cut Level: A4
- ASTM F2992-15: 1680g
- EN388 Abrasion: 4
- EN388 Cut: 5
- EN388 Tear: 4
- EN388 Puncture: 4

Construction

- Shell: Composite Yarn, Nylon Plait Yarn
- Coating: Polyurethane
- Wrist: Integrated knit wrist
- Thumb: Ambidextrous, right/left formed due to coating

Care Guidelines

Laundry in warm water (40°C/104°F) using mild detergent, tumble dry at low temperature (60°C/140°F). Do not use bleach or oxidizers.

Packaging

- 12 pair/polybag
- 72 pair/carton
