

Stalwart Safety

ANSI Cut Level A4 Aramid – Glass Fiber Blend Fully Coated PVC-Nitrile Glove

Application

Automotive manufacturing, facility maintenance, petrochemical, oil & gas, steel/metal fabrication and most material handling applications where cut resistance, dexterity and chemical/liquid resistance is required.

Description

- Aramid-Glass fiber yarns provide good cut and abrasion levels
- Seamless knit fully protects hands while maintaining comfort and extreme dexterity
- Full PVC coating provides abrasion and chemical resistance and grip while keeping liquids out
- Enhanced grip palm helps grip in most dry, wet and oily environments

Product Code: A4PVC

Technical Data

- ANSI Cut Level: A4
- ASTM F2992-15: 1516g
- ANSI ABR 6
- EN388 Abrasion: 4
- EN388 Cut: 5
- EN388 Tear: 4
- EN388 Puncture: 4
- EN374: 3 Test results
- n-heptane: Level 2
- KNaOH: Level 6
- H₂SO₄: Level 3
- Methanol: Level 1

Construction

- Shell: 13 gauge knit, HPPE, glass fiber nylon plait yarn
- Coating: Sandy nitrile palm over flat PVC
- Wrist: Integrated gauntlet cuff
- Thumb: Ambidextrous knit w/ right & left hands formed due to coating

Care Guidelines

Launder in warm water (40°C/104°F) using mild detergent, tumble dry at low temperature (60°C/140°F).

Packaging

- 12 pair/polybag
- 72 pair/carton

Sizes

Size	9	10	11	12
Fit	Large	X-Large	2XL	3XL
