

Stalwart Safety

Stainless Steel Metal Mesh Bolero Half Back Tunic

Application

Agricultural applications, Steel Mill applications and Food Processing applications are the main uses for this glove, although this glove can be used wherever an extremely high level of cut protection is required and cannot be provided by standard cut resistant garments.

Description

- Constructed of seamlessly welded stainless-steel metal rings in interlocking mesh pattern
- Fitted design with waist and leg straps to keep in place, half back makes tunic lighter weight.
- Split leg design allows for freer motion when walking/moving.
- Can be laundered and disinfected after each use

Product Code: BTHBM
