Annual Apostolic Christian Church Foundation Conference and Business Meeting

Location: Apostolic Christian Church (Nazarean) of Norton
Saturday, April 25, 2026

Canaan Land Ministries

Brazil

Greetings from CLM!

As we navigate the many ups and downs of life, we often find ourselves facing choices and challenges that require clear thinking. We are so thankful for the guiding wisdom that comes from God, as it says in James 1:5: "If any of you lacks wisdom, let him ask God, who gives generously to all without reproach, and it will be given him." This truth is a daily comfort as we make important decisions here at CLM.

Changes in our CLM Family

Life at CLM is dynamic. Since August, three children and teens have moved on, and we have welcomed nine new children, aged 4 to 11. They appear to be adapting well. We currently have 22 children and teens, which means our houses are quite full, requiring constant attention from our caregivers.

We continue to address behavioral challenges among our teens, with conflicts occurring frequently. Please pray for Melina (age 11)*, who is experiencing symptoms of schizophrenia. She awaits inpatient psychiatric treatment to stabilize her condition. We request prayers for her treatment process and wisdom for the CLM team during this waiting period.

Our Dedicated Staff

We currently have a full team of five caregiver couples. A new couple joined us in mid-October. We ask for prayers for their continued adaptation and for strength for the entire team.

Caregiver Mateus is undergoing treatment for colon cancer. He spends weekdays in Guarapuava for treatments and returns to CLM most weekends. His wife, Rosangela, manages their home and children with support from many of us. While we have tried to reduce her burden, this remains a tiring time for her. Please support them in prayer.

To alleviate some pressure on our caregivers, the two oldest boys (ages 16 and 17) are temporarily residing in an apartment with Junior, a long-standing CLM employee. This arrangement reduces each house to five children.

New Spaces & Special Moments

Fitness Room in Action: We're excited to announce that our new fitness room was completed in August! Our teens

Fitness Center

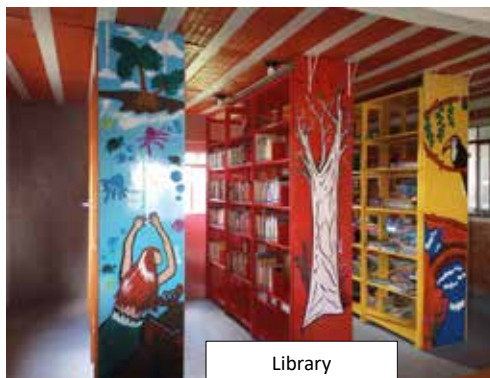

and adults are already putting it to good use, staying active and healthy.

Children's Day (October 12): Outdoor fun, special visitors, and gifts filled October 11th, ahead of expected rain. Despite the weather on the 12th, our traditional hamburgers were a success, this time prepared by a team from a local restaurant. The celebration continued on October 15th with the joyous opening of the pool for summer.

Children's Day

Library Transformed: Over the past year, a librarian from the culture center has helped organize our library. The books have been moved from a small room with insufficient

Library

shelving to a larger space, reutilizing shelves from a local school. Our resident artist, Carla (age 17)*, recently painted these shelves with colorful images, making the space more inviting. (*Not their real names)

We continue to rely on your intercession and

financial support. Please keep the CLM children and staff in your prayers.

In Christ,

The CLM Team

Caregivers: Mateus & Rosangela, Adriano & Daniela, Marcos & Suzana, Sidnei & Adriane, Gilberto & Joscelia, Junior

Internal Director: Anderson Kasnocha

Tech team: Bethany (educational and technical coordinator), Altair (psychologist), Ana (social worker)

Support staff:

Rogério (maintenance supervisor)

Haysa (grant writing)

Leticia (administrative and finances)

Nepomuceno

Brazil

Dear Friends,
Greetings from Brazil!
It's that time of year again when we like to encourage you to send Christmas cards to our boys. They so look forward to this annual tradition and it is a special gift just for them. Due to post office issues here, it is difficult to receive packages and manila envelopes, so we would ask that individual cards be mailed instead. If you would like, you can include small items in your cards such as stickers, dollar bills, sticks of gum, etc. We are so grateful for all of you who have taken the time, money, and effort to put together cards for the boys in years past!

Opening cards last year

Here are some phrases that you can use in your cards:
Jesus loves you— Jesus te ama
Merry Christmas— Feliz Natal
Happy New Year— Feliz Ano Novo
I'm praying for you/We're praying for you— Eu estou orando por você/Nós estamos orando por você
Bible Verses- (translated through Bible Gateway)

The address of the home is:

Familia Adonai
Caixa Postal 4
Nepomuceno, MG
Brazil 37250-000

Our boys' names are: Miro (66, special needs), Guilherme (20, special needs), Wendel (16), Alisson (15), Ytalo (15), Pedro Gabriel (14), Rafael (10), Luan (10), Israel (9), Gleysson (8), and Carlos Eduardo (7). We appreciate you remembering

Nepomuceno "kids"

our children in this way and blessing them with this simple gesture of love!

In our last newsletter, we asked for prayer for the directors as they were dealing with health issues

and would be undergoing surgery. Praise God they both have recovered well from their procedures and are back at the Home. Thank you for your prayers for Fernando and Elisangela.

In September, two missionary families arrived to complete our team of caregivers: Cristiano and Thais with their son Guilherme and Elias and Stefani with their son Israel. We praise God for His provision and ask for your prayers for these families as they minister here.

We recently welcomed special visitors from the States, Dan and Annette Simon. They spent a few days with us in September and had the opportunity to meet the new boys who have arrived at the home and see the renovations being completed on the facilities. It was a refreshing experience for all and we praise God for the sweet times of fellowship and encouragement.

Dan and Annette visit

Praise God our after school program, CTE Adonai, is serving an average of sixty children regularly. In addition to devotional times and workshop activities, we also provide transportation, showers, breakfast, lunch, and afternoon snacks. Please continue to keep this ministry in your prayers.

New Brazilian board

The home's Board of Directors held their elections in September and we were able to welcome many new people to the board. Please pray for the leadership of the Home as they seek to honor the Lord and facilitate the work done in Nepo.

"Serve the Lord with gladness!" ~Psalm 100:2a

In Him,

Helton and Katy Brandão for the Nepo Children's Home

Hope Ministries

Brazil

Greetings from Hope Ministries!

Team from Canada and USA

The highlight of this fall was a team from our Kitchener, Toronto and Norton churches. Bro Werner, his sons in law, Bro Brad Weibel and Erik, and Bro Edmund and his daughter, Johanna, arrived at Hope Ministries on September, 29. On September 30, we left for a medical boat trip to hold a clinic in Alegre Vamos, on the Capim River. We traveled 8 hours from our boat dock in Bujaru on Monday to reach our destination at 11:30 PM. Tuesday, we spent the day in Alegre Vamos, visiting communities and families and holding a home meeting and an evening service at our Alegre Vamos Church. Thursday, October 2, we held a clinic attended by 88 medical and dental patients from 9 different

Werner Weinhardt shares devotional aboard medical boat

nearby river communities. Our medical boat returned to Bujaru on Friday in time to participate in a birthday party at our Itabira outreach for Jhonata, the two year old boy with no arms. Saturday, we visited our Açu church and future campsite. Sunday, we had services at our Castanhal church. Brothers Edmund, Werner, Brad and Eric all shared the Word at the services and

Dental Chair

youth meetings that were held. Three young people made decisions to follow Jesus through the ministry of these Brothers. Two of them were volunteer dentists who came to serve at the clinic in Alegre Vamos. The team's visit was a great encouragement to all of us here at Hope Ministries and a great victory in the lives of these 3 young new believers.

The work team also blessed us with a new portable dental chair for our medical boat. We have a fixed dental chair in the boat but this portable chair will double the number of patients that can be

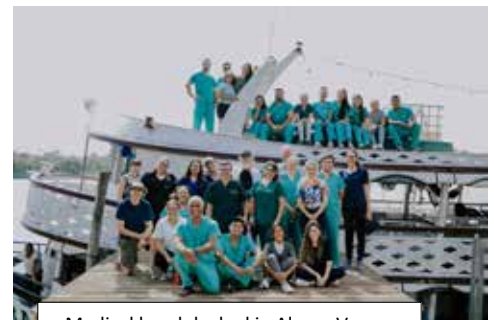

seen at each clinic! We are so thankful!

Vila Aviva Children's Home

God is continuing to bring needed resources for our Vila Aviva Children's home! Right now we are working on the electrical installation and installing doors and windows. Next month we are planning to lay the floors and bathroom tiling in the building. Thank you, each of you who are helping to contribute to this home for rescuing children in need of protection and care. Again, for those who are able to give towards the finishing of the home, donations can be made through the ACCF or ACCMBC.

Medical Boat Clinics and Repairs

We have continued to hold regular clinics with our medical boat and smaller river boat, as well as reaching into new communities where we have not gone before. Each clinic has been a great encouragement and blessing to the people living in the river communities. We have 5 more clinics scheduled before the end of the year. The large medical boat is now in the boat yard to finish the repair work on the hull. We have been able to find the necessary wood for the boat repairs and the carpenters started work on the boat last week. Please pray for the clinics over these next months and for all the work on the boat to be done with excellence and efficiency!

Medical boat docked in Alegre Vamos

Johanna Reinhardt tends to patient in Alegre Vamos

Love,
Scott and Michelle Toth and Hope Ministries Team

"For God is not unrighteous to forget your work and labor of love, which ye have shewed toward His name, in that ye have ministered to the saints, and do minister." Heb 6:10

hopeministriesbrazil@gmail.com

Papua New Guinea

South Pacific

Greetings and Appreciation

God's continuous love and mercy sustains, leads and guides us to walk the right path. He is righteous and faithful to make us understand and live His wisdom and knowledge. Because of this, we can lead and direct His mission with a clear purpose and vision. We can also serve with integrity and contentment, because Jesus Christ is our kind Shepherd serving and keeping us as His dear Children.

Bible School Students:

We began the term with seven students in the pidgin stream of classes but due to several circumstances, we currently have four students on campus.

Bible School Classrooms:

Recently, we completed the classrooms which can accommodate up to twenty students in two rooms. The current classroom building we are using will be renovated and converted into a married student dormitory.

The Bible School becomes our significant training center for preparing men and women for our local Churches throughout the country. Because we have students coming from different communities, we have free access of reaching out, and building Churches fast and effectively.

Women's Ministry:

The Christian women serving and worshiping across Good News Christian Church in

Papua New Guinea are very committed and faithful service providers in and out of season. Sis Monica is leading the Women's Ministry. Please continue to pray and support as God leads your hearts to do so.

Urban Good News Christian Church:

The first urban outreach and fellowships were established and planted in 1986 by GNCC Members who went to various colleges and universities, or as plantation workers.

We have seven Churches actively in operation in the Kimbe area, one Church in Lae, six Churches in Goroka, seven Churches in the Mount Hagen area and five Churches in the nation's capital city of Port Moresby.

Sis Monica

Thank you so much.

Rex Epi Senk – General Secretary

South America

The power of discipleship

Recently, my aunt and uncle, missionaries for 27 years, came to visit and I was telling my co-workers and friends who they were and how much they meant to me. My aunt laughed and said, "She says that to everyone". Then, I questioned, "Should I stop?"

I didn't! I couldn't stop telling others about their influence in my life. They mentored me. They had patience with me. Taught me. Forgave me. Hugged me. Encouraged me. And... walked ME through 34 years of ministry.

It got me thinking of discipleship and how important it is to invest in others. My mentors shared life with me. I saw the good and the bad. I saw struggles and amazing faith. I lived through unfairness and great victories, and it became a lifestyle.

Paola, Oscar's niece, came to live with us after 20 (missionary kids, Paraguayan kids, our own kids, and cousins) shared our home. I was almost ready to call it quits. I figured that I had invested in many already. But my brother-in-law asked us to raise, mentor, or disciple one more. It's fine, I thought, 20 already passed through our home, one more couldn't be that bad.

When Paola came, she had no idea what Christianity was. She actually only spoke in Guarani and could barely speak Spanish. Life in the country and life in the city were completely new. Everything was done differently. Our beliefs were also completely different.

Like the others, before Paola, we developed home life. She lived with us and witnessed our weaknesses and strengths. She "followed the leader" and began to understand her need for a Savior and a transformed life. Our shared life

Paraguay

became a path of discipleship. She grew in faith. She witnessed Church in the garage, ministry in the afternoon, children's programs, etc. She got her degree as a chef, but wanted to continue to work in ministry, so she decided to work in a small business, morning hours, in order to work in ministry in the afternoons.

Paola just got married, and she and her husband are the new youth pastors. They both work in Escuela de Vida, and they both have cell groups that are multiplying and growing. We continue to share life and grow together.

We are all called to make disciples, to influence others in their walk with Christ. We are called to teach, raise the next generation, live life with Christ-like principles, and share all those amazing faith stories that glorify God. I am thankful for those who took the time to teach me, mentor me and patiently explain God's eternal purposes for me and my life. Maybe it's just one person, or maybe there are many we can influence and disciple. - Karen and Oscar Caballero

Farewell to Emilia Mazari and updates on Ypane

In August, we faced the sudden and painful loss of our beloved leader and coordinator of Escuela de Vida in Ypane, Emilia Mazari. Her departure came unexpectedly, and it shook us deeply. Yet even in the midst of grief, we found peace in knowing that Emilia fulfilled her purpose here on earth. She lived with passion, vision, and a heart fully given to the mission. Her legacy is alive in every child she loved, every leader she mentored, and every seed she planted. We will honor her by continuing the work she started, without stopping. Please keep her husband, Néstor, and their sweet 6-year-old daughter in your prayers, that they may be comforted and surrounded by grace in this season.

The classes of Escuela de Vida in Ypane continue, just in a different structure. Instead of gathering all 80 children in one large meeting, we now meet in small groups, divided by age. Each tutor has opened their home to host a small group with their students. It's a beautiful and intimate way to keep the project alive. We believe this was a strategy from God—a way to keep going, even after Emilia's passing.

The construction of the new structure in Ypane is currently on hold. We are waiting for God to show us what He has planned for this new moment. We trust His timing and His direction.

Meanwhile, Church continues through the adult small group every Wednesday and ongoing discipleship meetings. Even in the face of loss, Néstor remains a strong and faithful leader. The team of leaders that Emilia trained is active, committed, and carrying the vision forward with courage and unity.

Escuela de Vida in San Antonio

In San Antonio, Escuela de Vida continues to flourish with around 70 children gathering every week. This year, their classes have been rich with meaning—covering principles and values, the Gospel of John, and even exploring The Pilgrim's Progress through the classes of Classical Literature and Fine Arts.

As we approach the end of the year, we are joyfully preparing for our special Family event. The children will present beautiful performances that reflect all they've learned. It's more than a celebration, it's a moment where families come together, hearts are touched, and the message of God's love is shared in a powerful way. We pray that this event opens doors for transformation and connection in every home.

Church Conference

This October, we held our annual Church Conference with over 200 participants—adults and children together. For the first time, we also had a Kids Conference, and it was a huge success! All experienced God in a personal way, through teachings, worship, and creative activities.

Church Conferences are always a key moment for our community. It's a time when every member is ministered to and receives fresh words that strengthen their hearts. There is always a "before and after." The atmosphere shifts, faith rises, and many leave with renewed strength to keep building, keep loving, and keep trusting. This year was no exception. God moved deeply, and we know the fruit will continue to grow in the months ahead.

Closing the Year

As 2025 comes to an end, we feel thankful. God has been faithful in every step. We've seen lives changed, families growing stronger, and new leaders rising.

We are excited to keep growing into 2026, sharing God's love, and expanding His Kingdom. We want to see many people come to Jesus. We believe the best is yet to come, and we are ready to keep walking with faith, love, and purpose.

Thank you for being part of this mission. Your prayers, support, and love have made a difference! We trust that God will continue to lead us, strengthen us, and use us for His glory.

Greetings to all in the name of the Lord Jesus!

On September 12th I, along with my wife Tressa and Thad and Betty Lumsden, had the privilege of traveling to Ghana to visit our brothers and sisters there who are a part of the Faith Evangelical Mission Worldwide, or FEMW for short. They still very much consider themselves a part of our faith tradition, which was reinforced during our visit. This was my sixth trip to Ghana over the past 15 years, and it seems each visit reinforces how much the country is changing. Urban development around Accra, the capital city, continues apace with skyscrapers and other western amenities (fast food restaurants as an example) popping up everywhere. These changes contribute to concomitant growing pains- traffic and road construction problems seem to be getting worse and worse. As usual, this was evident as we traveled in and around Accra and outward towards the coastal region of Ghana.

We had three specific goals for our visit with the Ghana churches, which I will attempt to capture in the following report:

1. Visiting New Church Plants

One focal point of our visit was to see some new church plants in the central region of the country. The FEMW currently has 53 churches in Ghana (I'm pretty sure that's the figure- I forgot to write it down). Over the course of two days, we made our way to the central and western regions and visited numerous small churches which had been started since our last visit in 2022. Leaders of the national FEMW traveled with us to show us the important work being done.

Each stop represented a similar set of opportunities and challenges. We met with local pastors whose congregations ranged from about 25-75 members, and they shared with us their hearts for reaching people in their respective communities. The challenges were presented by their makeshift places of worship. Some new churches had mud floors (it was

Church flooding challenges

rainy season), and others had just a rudimentary roofing set-up. It served as a precious reminder for me that while in North America we grow dissatisfied with outdated cabinetry or fraying carpets, our problems are truly "first-world" compared to what our Brothers and Sisters around the world experience.

Overall, we were encouraged by the zeal the Faith Evangelical Mission still maintains for spreading the gospel and planting new churches. Many of the church plants are started by younger men who have showed themselves qualified to take on the hard work of getting a church started while serving as assistant pastors in their sending churches. The importance of mentoring and supporting younger men into leadership roles was impressed upon me during my visit. Our visitation to these church plants also reinforced that it doesn't take a great multitude to start a project of evangelism. It only takes a few people who are willing to take to heart our Lord's great commission. May God continue to bless our churches in Ghana as they seek to fulfill this calling.

2. Communication with the FEMW Leadership

Another focal point of our time in Ghana was to continue to facilitate a clear line of communication with the leadership of the FEMW. On Saturday, September 13th, Bro Thad and I were able to meet with around 30 of the local clergy to hear their concerns and to share our heart with them. As they shared their burdens and challenges, it became increasingly clear to me that many of the challenges of ministry are similar regardless of where you are. Several pastors shared their concerns around how to best minister to their young people. Others emphasized the continuing burden of transportation- attempting to minister to members who, for various reasons, have to move a distance away from their local church. We shared mutual concerns about the way technology has encroached on our lives and the lives of our members, including the looming influence of social media and artificial intelligence.

As I shared with them about the burdens and challenges we face in our North American churches, I tried to impress upon the group the absolute importance for all of us to continue to use the Word of God for our measuring stick for faithfulness and success. I encouraged them to continue in the faith that they were founded on in 1973 when Brother Rex Noi brought the gospel of Jesus Christ to his people. It is always tempting to adopt a popular message that might draw more hearers, but we are called to preach

Ghana

the Word both in season and out of season. In addition, Brother Thad exhorted them as pastors to maintain a strong relationship with the Lord first and foremost as an essential aspect of their personal ministry. All of this was a wonderful time of fellowship and mutual edification. I have great respect for the men who are pastoring the local churches in Ghana and admire their dedication.

3. Visiting the School and Clinic

Our third objective was to visit two vibrant extensions of the FEMW ministry- the school and the hospital clinic. The school is doing quite well. Enrollment is up over 750 students, and the schoolmaster shared that they are doing well at retaining teachers and drawing new students. Each day at the school begins with a Bible devotional, and the school receives oversight from the FEMW leadership. It is a Christian school through and through. They are most appreciative for the donations received from the ACCF and the ACCMBC, which have helped immensely with equipment and renovations.

The hospital clinic continues to grow as well. There are now 20 physicians who work part-time or full-time at the clinic, and their total staff is approaching 300 employees. Again, they expressed deep gratitude to our respective mission boards for facilitating the purchase of new equipment, including an anesthesia machine which has been a game changer for the clinic. I want to thank everyone who has played a part in donating to both the school and the clinic. You will never know just how much your generous giving has helped to both inspire the minds of young people and alleviate the sufferings of the sick.

Needs of the FEMW Mission:

Each time we visit Ghana it becomes apparent what the most pressing financial needs are to help the mission continue to grow in its various ministries. Here is my best attempt to capture those needs:

Church planting: so many young churches in the FEMW require either floors, walls, or roofs. The FEMW leadership does its best to apportion funds to the most crucial needs, while also encouraging those churches to give of their own resources to move the work forward. If you have a heart for the Great Commission, one way to support that work is to give to the FEMW so that their evangelistic efforts in Ghana can continue. The Muslim presence continues to be a part of the country's landscape, and there appears to be more and more money coming in to spread Islam in Ghana.

School: The school needs to renovate and replace some of its flooring, which was partially completed when we were there. Also, Sister Betty shared during our visit that she had more equipment when she home-schooled her two boys than the school does in some regards, and that is not an exaggeration. The science teacher and the art teacher mentioned they mainly can teach only the theoretical aspects of their disciplines, since they have very little equipment. The science teacher's lab storage was spare and outdated, and the art teacher lacked the most basic supplies. The Home Economics, Art, and Science classes especially could use any help we could provide. The headmaster remarked that their computer lab (funded and set up by the ACCMBC) is better than many of the surrounding high schools- he was

very thankful for it. However, the school lacks the budget to continuously fund the wi-fi internet service from month to month.

Clinic: Several needs were identified during our visit. First, there is always a need for updated equipment- including for things like eye care and lab analysis. The drug supply room right now consists only of empty shelves. The clinic is able to keep the pharmacy stocked for day-to-day use, but there is no back-up supply. I have never

seen the supply room so empty. The clinic also does a mobile dental outreach to the surrounding villages and communities, which includes not just free dental care but also a gospel presentation and invitation. The mobile dental equipment is starting to wear out and will need to be replaced. The clinic is in need of adding more hospital beds, and so construction and renovation is under way to increase space for that. Additionally, there are plans to add room for spiritual counseling and prayer. The clinic is quite compact, and so the need for new rooms, extra bed space, and new hospital beds is pressing.

Retired Pastor's Residence: One final need continues to be the construction of a residence for retired pastors. Construction is underway, but more funding will be needed to complete the project. Many pastors, once it is time for them to step down from their ministries, have no place to go. Their families are often poor and lack adequate housing to take them in, and as many of us know, clergy and missionaries rarely have enough income to put money away for retirement. The building under construction intends to alleviate some of these issues.

Woraba Church Plant- Cape Coast

My personal vision for the FEMW is that any ACC churches interested in supporting the FEMW mission in Ghana focus on one of the needs above for 2026. If even a few churches committed to funding one of the projects above, it would go a very long way in promoting the gospel message. May God bless

you all as you continue to support the needs of all our ACCF missions! God asks us to be generous givers, and I pray that we are obedient to Him in the year to come.

2 Corinthians 9:6-8 *Remember this: Whoever sows sparingly will also reap sparingly, and whoever sows generously will also reap generously. Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work.*

Respectfully submitted,
John Schlaefli

Yamaronsa Church Plant- Cape Coast

Mexico

Thank you to all who pray and support the Lord's work in Mexico. We rejoiced again that many children, youth and adults could hear God's word through VBS. In Tecate, we had 153 in attendance and 43 in the youth choir. We thank Bro Jimmy for leading the choir, as the youth sang with all their hearts: Behold our God. Come let us adore Him!! We were blessed by other helpers from Vista, Colorado, Canada, and the south of Mexico.

For the San Jose VBS, there were also around 155. The children who participated in letting the paralytic man down through the roof will long remember that story (see pic above).

We want to introduce Sis Marle and her children to you (see pic right). She came from the south of Mexico (Veracruz) with her husband and children. Her entire family was Catholic. She was raised by a single mom who was alcoholic. As a child, her mom would lock her in the house when she went out to work. Marle remembers that since she was alone and no one to play with, she pretended that God was her father, and Jesus her brother. She says, "Now that I learned about the

Bible, I believe I was praying to God, thinking it was 'play!.' She remembers being outside once, and her mom was beating her. God in His mercy sent an old man along, who said to the mother: "You're going to kill her." With that, her mother reacted and stopped beating her.

Here in Tecate, she worked in an office with a Brother from church who told her foul language was not pleasing to the Lord. She was surprised by that, and started talking with him, reading the Bible, and then coming to church. Here she came to know the Lord Jesus, repented of her sins, and became part of God's family. Her husband is yet unconverted, and she asks us to pray for him (Emmanuel), and her 2 children.

Her mother has come to visit, and Marle is so kind to her, and brought her to church every Sunday. When the mother went back down south, she took a Bible, hymn books, and listens to services online now.

When we asked Sis Marle if we could share her testimony with others, she said, "Yes!! I want others to know that no matter how difficult their life is, God can do miracles and transform the saddest life situation."

Thank you for praying with us that the Lord may be glorified in many other families who need Jesus.

In Christ, Jose and Cathy

Romans837jc@yahoo.com

Little Hands Orphanage

Mexico

Greetings from Little Hands,

Here is a glimpse of our last three months:

In August we had our summer VBS. The kids attended each day and enjoyed everything from the challenge of learning their verses each day to handing out flyers to invite members of the community. We also enjoyed having out of town visitors stay at Little Hands. They spent time with the children in the day and helped with the VBS in the evenings. The week after Tecate VBS, Glenn and Amara Bozic returned to help watch the kids while the caregivers went to support

the church in Sonora for their VBS. Our oldest 14 year old boy also came along to help support the trip. It was a blessing for everyone to have these opportunities to share our faith with people in the community.

In September the children all started their new school year. This year we have 2 children in Secundaria and six children in Primaria. Our 8 year old girl was thrilled to be asked to be the leader of the school's daily opening ceremony one day. At the end of September the kids all participated in the children's program at church. It was encouraging to see them sing the songs with their whole heart. One of our 9 year old boys also played a pennywhistle solo for one of the songs. His hard work learning his notes made the song extra special.

In October the daily routines continued. In addition to school and church the kids also have been taking guitar lessons with a volunteer coming to teach them lessons weekly. Two of the children also are learning to play piano. The children had the opportunity to visit an elderly member from church in her home multiple times. They were excited to be able to encourage her, and it was good for them to learn to do things for others.

Memorable Moments:

- One of the 9 year old boys says he wants to be a minister when he grows up. We pray that his interest in serving the Lord continues throughout his adulthood
- The girls singing church songs while playing at home. We pray they continue to remember the words and that they reach their heart
- One 11 year old girl forgiving her father for the hurt he caused her in the past, and deciding to call him regularly and pray for him
- Overhearing discussions amongst the children about being Christians and how they are different than their friends in school. We pray they will continue to live in ways that set them apart for the glory of God.
- Several boys answering questions during the Bible Studies at church. We pray they continue to study Gods Word and keep it in their heart.

Please keep all the children, caregivers and staff in your prayers. May we always do the Lord's work with joy.

Dios Los Bendiga,
Little Hands Family

Note from the ACCF:

Sis Leah Albu is now an ACCF supported Missionary under the Mexican Support Committee, and as such, she is listed on our donor sheet. She is now able to receive directed donations through the Foundation.
