Forgiveness Lessons

BY ALICE CAMILLE

Years ago I wrote a little book on forgiveness. It was supposed to be a quick read, something you could absorb in one sitting. But the longer

I spent at the task, the more I realized that forgiveness is not a short subject. I tried to contain it in four easy chapters like the publisher asked. I wanted to encircle the topic neatly in categories of “Confession, Contrition, Compensation, and Correction,” in the clever terminology of my cowriter Father Paul Boudreau. The four C’s, as any Catholic will recognize, are the four steps involved in the Rite of Reconciliation. But I’ve found that forgiveness is bigger than a ritual, more than a method to be taught, deeper than just cleaning up the mess behind us, and more expensive than saying I’m sorry. Forgiveness won’t stuff all nice and docile into a little pocket-sized book. Like an octopus, it dangles its multiple limbs in every direction most inconveniently.

Take the issue of rites, for example. Is forgiveness another name for the sacrament more formally known as Penance? Well, yes, but the Eucharist is our premiere sacrament of Reconciliation, according to our theology. Baptism, too, accomplishes the forgiveness of sin. Already, you can see the octopus curling through our sacramental system, taking up far more room than you anticipated.

Is forgiveness a matter of mending the breach between you and me, or us and God? Frankly, both; and also mending the tear between my true self and the false self I often inhabit. Is forgiveness a spiritual business or a psychological one? Again, it’s both. But let’s not forget it also has a physical dimension, because the gnawing consequences of unforgiveness can break the health of mind and body, and also a social one, since

patterns of unforgiveness can affect families and communities for many generations, as scripture was early to point out. Far from being a short subject, the matter of forgiveness becomes a fundamental and critical one with ramifications at every level of human experience.

What would Jesus do?

I wish there were a simple solution to the problem of forgiveness. But even Peter, who had Jesus in front of him in person on a daily basis, didn’t seem to know what Jesus would do the eighth time a brother might sin against him. Peter experiences the limits of human patience and forbearance in his own relationships. He wants to know how long a truly good person ought to put up with the abuse of his or her charity.

But Jesus refuses to consider forgiveness in terms of what’s reasonable or even humanly possible. When Jesus tells his parable about the servant forgiven a great debt, there is no discussion at all of how long to forgive someone who offends, or even how to do it, period. The emphasis in the story is not on the mechanics of forgiveness but only on the motivation. We forgive our fellow human beings, umpteen times seven times, not because they deserve it but because we ourselves have been forgiven a king’s ransom.

As far as Jesus is concerned, this is the whole of forgiveness in a nutshell: Our obligation matches the largess we have received, which is incalculable. Never mind ruminating on who did what to whom and how often. Yes, there may be pain and anger and certainly there can be just cause for grievance. Jesus doesn’t argue those points. But gnawing on those components will not free us to do the one thing we are expected to do as servants relieved of all our debts, and that’s to forgive our debtors, free and clear.

But how do we do that?

Ben Sira prefers the spiritual purge: “Remember death and decay,” he recommends. Some of us might make use of the negative notion of being caught dead with unforgiveness on our souls as the cattle prod to keep the spiritual slate clean. But others might also consider the terrible debt we pay in this life when we carry wrath and bitterness around in our hearts. Many mental health professionals and wellness experts are suggesting that the trap of unforgiveness plays a large share in what causes human suffering. And because sin tends to skip from the microcosm to the macrocosm, a glance at the international political scene reveals the damage done when one community chooses to escalate offenses rather than reconcile with their offenders. If forgiveness “looses” the effects of sin, then unforgiveness holds history bound to them, and each new generation in bondage as well.

We “cherish” our wrath, Ben Sira observes, and “nourish” our anger with frequent recitations of our neighbor’s culpability. “Remember the Most High’s covenant,” he concludes. But we are tempted to remember only the wrongs committed against us and uphold our own situational innocence.

The person who practices habits of forgiveness, however, remembers God’s surpassing kindnesses above all, as the psalmist suggests. This is the same God who prefers not to recall our guilt but pardons and releases it. If we dedicated the same amount of time normally spent nursing our injuries on giving thanks for God’s mercy and goodness to us, the forgiveness habit might overtake us quite naturally.

CATHOLIC Q&A

QUESTION

What is the history behind feast of the Exaltation of the Holy Cross?

ANSWER:

Emperor Constantine's mother, Helena, is credited with having discovered the true cross around 330. She traveled to the Holy Land and uncovered the places associated with Jesus' life. Legend has it that Helena uncovered three crosses but was not able to detect the true cross until each of them was laid on a leper. Only one of them cured the leper, proving it to be the true cross. A great church was built at the site, and soon various portions of the cross were sent to other churches as relics to be venerated.

The day after the dedication of the Church of the Holy Sepulchre, September 14, 335, the actual cross was displayed for veneration. Egeria, a women traveler to Jerusalem around the year 386, kept a diary that has survived. She tells of the unique veneration of the wood of the cross that took place on Good Friday, something maintained ritually to this very day.

The Exaltation of the Holy Cross focuses on the gift of love that Jesus manifested by his total gift of self, offered for all. The cross, the ultimate form of capital punishment in its day, has become for us the ultimate symbol of love and triumph over evil and death.
