

# The Messenger

May 29, 2024

I usually expect choir to sing until at least mid-June. There are 5 Sundays in June, so the 16th would possibly be the last choral Gift of Music. If you are open to singing until the end of June, that would be just fine by me.

I am also asking if anyone would like to do a Gift of Music during July or August? You could do a solo, or a duet with me or other musician, or trio or whatever!

**Do remember that ALL services in July are at St. Andrew's at 10:00 am, and ALL services in August are at Zion at 10:00 am.**

Peace and light

Lindsay

## The water bill had jumped ...

### It all

started at the council meeting where Leona (treasurer) stated that the water bill had jumped a huge amount in the last quarter and wondered why?

Suzanne spoke up, saying that she and Jim had been out walking that morning, as usual, and noticed that the sidewalk between the church and the hall was not as solid as usual and one corner of one of the blocks seemed to be caving in a bit.

After the meeting, she and Rod went out to check this out. Suggestions of excessive runoff from the two roofs to this area in between the buildings didn't seem to be an adequate answer.

The next morning, Rod and Wayne approached the situation with shovels in hand. Digging down, it was discovered there was water running into this hole from the pipe which transfers water from church to hall. At some previous time, there had been a repair of this pipe and it had now failed.

The water was turned off, and a new patch was placed between the two ends of the pipe and the water turned back on. It was tested overnight to make sure it really was watertight. In the morning, the hole was filled in and allowed to settle.

The May Mystery at Zion was solved!! Thanks to Rod and Wayne for the repair work.

Thanks,  
Louise

# Getting old

**G**etting old isn't fun, as the majority of us know! It seems Zion's water lines & plumbing are suffering the effects of the passing years. At Council on Wednesday night, May 22<sup>nd</sup>, it came to our attention our water bill was higher than normal & no real reason for high water consumption. Leona made arrangements to have the water meter read again & yes, the consumption was way too high. Rod Gilmer & Wayne Kiefer got busy & did some digging found the leaky pipe & did the, necessary, short term, repair. Thank you.

Council meetings are interesting – finance committee gives us a report, we aren't rich, we have a \$6,000 deficit in our property budget, but the new paint job in the hall is bright & cheery. Property committee warns our furnaces are on borrowed time, plumbing needs to be upgraded – finance committee says where's the money going to come from? Someone else reminds us that at one point there was \$15,000 for property expenditures but then we needed a new roof to the tune of \$20,000 so instead of a leaky roof we had a big leak in our budget. No, we don't have a stewardship committee.

Any good fundraising ideas?

The United Church of Canada celebrates its 100<sup>th</sup> Anniversary in 2025 – do we have any party planners & historians in our midst?

Friday, May 24<sup>th</sup>, was Tiffany's last day as our office assistant. We wish her well in her work as a mobile hairdresser. Thank you to those who will be stepping up to make sure things keep flowing.
