## Learning to Connect: Youth Survey

The United Church of Canada is trying to learn from young people (ages 13-35 years) about what encourages a sense of connection to the church and what blocks their involvement.

Please [share this survey](#) with Canadian young people that you know—they don't need to be currently connected with a church in any way!

In appreciation of participating and sharing the survey link, two individuals will be randomly selected to receive a \$25 dollar gift card (options provided).
