

Our Guarantee

We guarantee that our dogs are healthy and have had no health conditions and are free from genetic disorders that affect the American Brittany. To our knowledge NONE of our adult dogs and their resulting offspring have displayed any type of genetic disorder or condition. We know our dogs' bloodlines and relations, none have displayed these disorders.

***We guarantee for one full year from the date your puppy was whelped against all genetic defects.**

If with in a reasonable amount of time (2 weeks) you are not happy with our puppy or dog for any reason, I will accept the pup back and refund you the cost of the pup. I know the internet has made hip dysplasia and genetic eye disorders a big thing. This genetic Hip dysplasia also depends on other extenuating circumstances, such as weight of your dog, activity level at early ages, jumping in and out of a truck, etc. Any dog can end up with hip dysplasia at an older age because of environmental factors,

We are our on rescue, in the event you are no longer able to keep the dog we will accept the dog back,

If for some reason you are unable to keep your older dog, you are required to contact us first. If you have a qualified person you wish to give the dog to, we ask that you provide us with the name and address of the new owners. If however, you need assistance in rehoming the dog I will do all I can to find your dog a new home. When I find a qualified new family, I will collect the agreed upon price for the dog and pass that back to you. We will keep none of the purchase price.

I make no claims that I can collect full price for any dog that needs to be rehomed, and particularly dogs that are older. We offer the service only because we care about our dogs and would not want to see them in a bad situation or a pound/rescue.

Senior Buyers:

I do request that you flow this guarantee to your heirs, care providers, and or Power of Attorney so that in the event of your inability to care for your American Brittany those folks are aware of our guarantees. I you do not have a long-term plan for the dog in the event of your being placed in long term care or your untimely death. If you do not have a family member who will accept your dog into their home in these situations they need to be aware of this guarantee and our willingness to take the dog back.
