# Acclaim

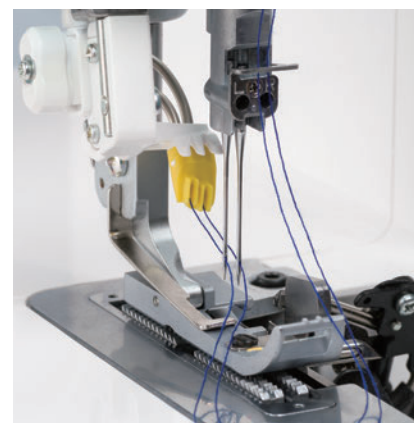

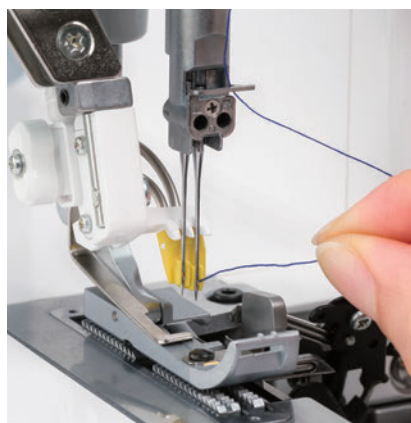

**BLES4**

Your serging is about to receive a new level of critical Acclaim! The Baby Lock Acclaim features RevolutionAir Threading that threads the loopers with just the touch of a button and then threads the needles with the touch of another. You'll also serge tension-free with the Automatic Thread Delivery System (ATD) and the exclusive Wave Stitch will expand your creative options even further — making every one of your creations stand out like no other.

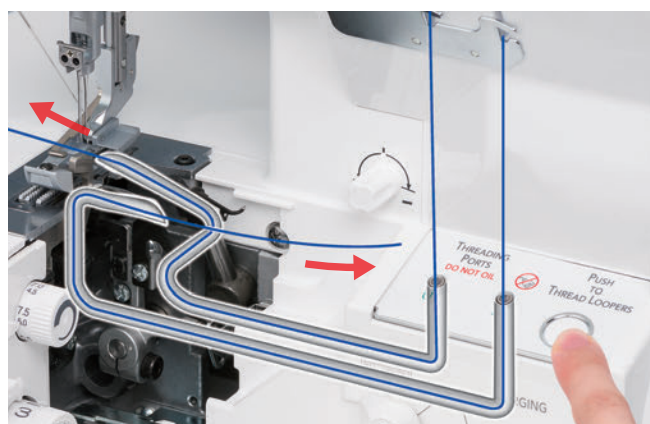

# RevolutionAir THREADING

Using patented RevolutionAir threading, Acclaim's loopers and needles are threaded for you with just the touch of a button. RevolutionAir technology minimizes setup and gives you more time to create all your important projects. No more frustration, no more guessing -- the Acclaim is threaded and ready to go each and every time.

## RevolutionAir Needle Threading

Engage the RevolutionAir threader, push a button and the Acclaim's needles are threaded! Baby Lock's RevolutionAir Threading makes setting up your machine faster and easier than ever, every single time.

## RevolutionAir Looper Threading

Insert thread into one of the Acclaim's threading ports, push the button and a gust of air quickly pushes it through the patented tubular loopers, exactly where you need it every time. Tangles, knots and breakage are now a thing of the past!

## Automatic Thread Delivery (ATD)

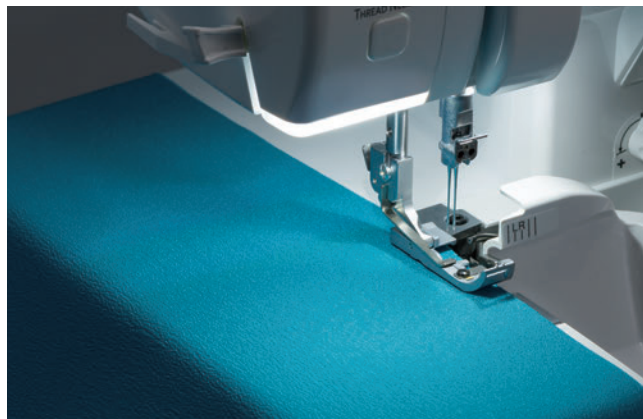

Never worry about tension adjustment again. Enjoy perfectly balanced stitches regardless of the type of fabric you're using. The built-in stitch fingers actually move with the knife blade, adjusting the seam consecutively with the cutting width. ATD lets you thread your loopers in any order.

### **Wider Workspace – 2" to the Right of the Needle**

Easily serge larger projects with room to spare. You'll love adding decorative stitching to yards and yards of fabric.

### **Pure Lighting with 3 LED Lights**

Clearly see every stitch, fabric and thread color under three bright LED lights.

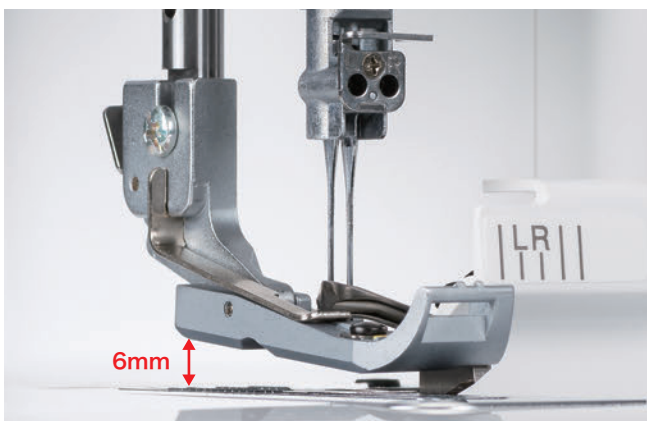

### **Differential Feed**

Baby Lock took the differential feed mechanism to a new level by adding a single unit feed dog mechanism. This ensures stronger feeding as well as more consistent gathering on all fabrics.

### **Convenient Presser Foot Lever**

An easy-access presser foot lever on the right side of the machine lets you quickly make adjustments.

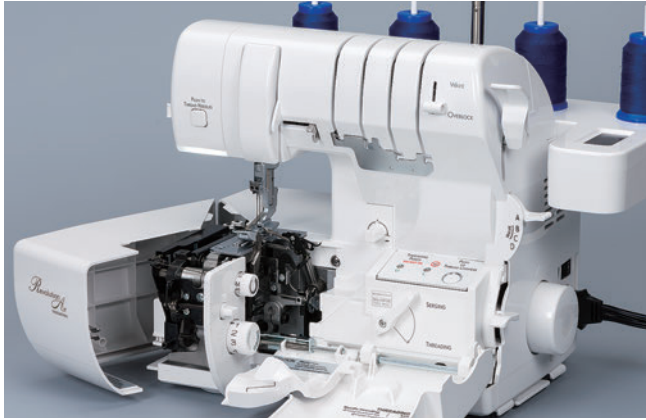

### **Presser foot height up to 6mm.**

Presser foot height changed to 6.0mm. With this change, it became easier to set thick fabrics.

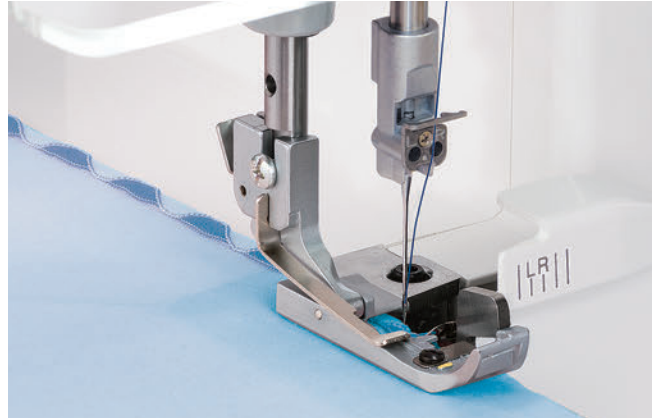

### **Dial Adjustable Stitch Length and Automatic Rolled Hem**

Stitch length can be easily adjusted on the Acclaim using one dial. This dial includes an Automatic Rolled Hem setting that will retract the built-in stitch width finger for a rolled hem finish.

### Safety Switch

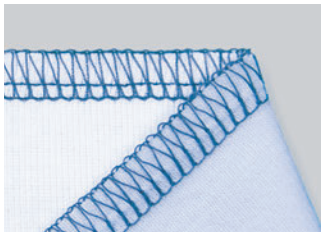

With the presser up, the side cover, and the front cover open, the sewing machine is locked and can't start sewing. These will help you to use it more securely when using your overlock sewing machine.

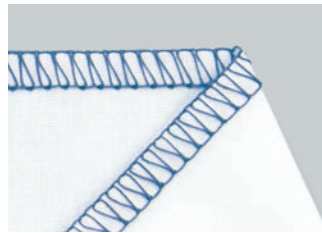

### Exclusive Wave Stitch

The patented Wave Stitch opens your world to more decorative stitches for more creativity. Try different thread colors and stitch widths to easily serge a one-of-a-kind creation.

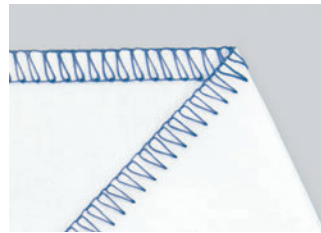

### Variety of various seams.

# Features and Specifications

## Technology Features

- RevolutionAir Threading System
- Automatic Thread Delivery System
- Pure Lighting with 3 LED lights
- Wide workspace 2" to the right of the needle and 3" tall
- Full-Featured Differential Feed:
  - 2 to 1 Ratio – gathering
  - 3 to 4 Ratio – stretching
- 4/3/2 Thread serging

## Advanced Serging Features

- Exclusive Wave Stitch for additional stitch options
- Rolled hemming with 3 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5-7.5mm
- Dial adjustable stitch length: 0.75-4mm
- Dial adjustable built-in rolled hem
- Heavy-duty cutting system
- Precise, patented system makes for easier sewing around curves
- Side thread cutter
- 1,500 Stitches per minute
- Adjustable presser foot pressure dial
- Adjustable presser foot height up to 6.0mm
- Automatic subsidiary looper for two-thread conversion
- Bypass port for specialty threads

## Convenience Features

- Thread stand tray with magnet
- Built-in thread cutter
- Electronic foot control
- Presser foot lever on the right
- Easy full-color quick reference threading chart
- Enhanced telescopic antennae with thread guides
- Snap on, multi-purpose presser foot
- Built-in accessory storage
- Built-in ribbon/tape guide
- Needle drop tray with magnet
- Needle clamp safety plate – prevents lost needle screws
- Safety switches for side door cover, front door cover, presser foot, and needle threader
- Power cord manager on machine base

## Other

- Household needle system:
  - HAx1SP
- Weight: 24.6 pounds (11.16 Kgs)

## Optional Accessories

- Foot Kit
- Trim Bin
- Beading Foot
- Blindhem Foot
- Clear Foot
- Cording Foot 3mm
- Cording Foot 5mm
- Elastic Foot
- Flat Sole Foot
- Lace Applicator Foot
- Ruffling Foot
- Teflon Foot
