

Home Reimagined Named Best Home Organizer in *R•Home* Reader's Favorites Survey

Ashley Stefanko, a professional home organization and decluttering specialist, is proud to announce that her business, Home Reimagined, won the 1st Place Award in the “Best Home Organizer” category in the 2026 R Home Reader’s Favorites Survey. The award signifies that Home Reimagined was voted by readers as being the top home organizer business in all of Richmond and surrounding areas.

Home Reimagined was established by Stefanko in 2017 as an outgrowth of her passionate belief that every home should be a place of retreat, peace and serenity. She aims to guide clients through the decluttering process to create the dream spaces they envision for their homes.

The company offers the following services designed to transform overwhelming spaces into calm, functional areas of the home or office:

- Home Organization
- Commercial Organization
- Decluttering and Organizing Services
- Unpacking Services
- Home Staging
- Renovation Organization

“It’s an unbelievable thrill to win the #1 spot in such a competitive category,” says Stefanko, who had been a runner-up in previous surveys. “This is a wonderful validation of the mission that lies at the heart of every Home Reimagined project. Whether you are buried in clutter, preparing for a move or simply ready to feel better in your space, we create simple, personalized systems and solutions that reduce stress and bring a sense of control back to your home – and your daily life.”

A native of Northern Virginia, Stefanko moved to Richmond after graduating from Longwood University. Married with two young adult children, she enjoys entertaining friends and family at her home and cheering on her kids in their various athletic and professional pursuits.

When she isn't hosting gatherings, Stefanko is an active member of the Richmond community, often exploring the local food scene or spending time outdoors. She brings the same energy and dedication to her community involvement that she does to her family life, always looking for ways to support local initiatives and stay connected to her Virginia roots.
